## **DEFINITIONS**

Throughout this agreement the term:

**Academic staff members or Members** are the faculty, librarians, laboratory instructors, instructors, and sessionals at Campion College in the bargaining unit to which the terms of this agreement apply.

**Academic unit** refers to an academic department, or other unit, in which academic staff members conduct their duties.

**The Faculty Association or Association** means the composite of all bargaining units that make up the University of Regina Faculty Association (URFA) as a single representative body. The Campion College Bargaining Unit is a part of the Faculty Association certified by the Saskatchewan Labour Relations Board on 19 January 1977.

**The College** refers to the management of Campion College. It does not include the University of Regina or the University's other federated or affiliated colleges.

**The President** refers to the President of Campion College.

**The Dean** refers to the Dean of Campion College.

## **ARTICLE 1 - PREAMBLE**

- 1.1 The College and the Faculty Association recognize that the major purposes of the College are to provide a facility for Catholic higher education, to provide students with an environment in which they may develop intellectually, emotionally and socially, to promote the advancement and dissemination of knowledge, to serve the community and to encourage a climate of freedom, responsibility, and mutual respect in the pursuit of these goals. The parties to this agreement agree, in the furtherance of these aims, to promote harmonious relations and to attempt to settle peacefully and co-operatively any misunderstandings or disputes.

## **ARTICLE 2 - ACADEMIC FREEDOM AND RESPONSIBILITIES**

### **2.1 Academic Freedom**

2.1.1 Academic freedom is essential to the teaching, research and scholarship functions of a university. The parties agree that they shall protect the academic freedom of each member of the academic staff.

2.1.2 As applied to academic duties described in Article 16 and elsewhere in the agreement, academic staff members shall engage in teaching, research and scholarship, and other related activities free from arbitrary interference. The College shall defend the academic freedom of members from interference from any source. The College shall not be held accountable for infringements of academic freedom originating beyond the control of the College including, but not limited to, legislation.

If the academic remedies available to resolve disputes are not successful, there are dispute resolution procedures established within the applicable legislation.

### **2.2 Academic Responsibilities**

2.2.1 All academic staff members shall undertake their duties in accordance with the:

2.2.1.1 standards and procedures collegially agreed to;

2.2.1.2 academic requirements of the university and college community;

2.2.1.3 reputation of the university and college community; and

2.2.1.4 obligation to base their research and teaching on an honest search for knowledge.

Factors intrinsic to the process of academic research and scholarly activity such as honest error, conflicting data, differences in interpretation and/or assessment of data or experimental design or practice do not constitute a violation of the

responsibilities in 2.2.1.1 to 2.2.1.4 above, and do not constitute professional misconduct.

2.2.2 Professional misconduct in academic research and scholarly activity and representation thereof includes but is not limited to:

2.2.2.1 fabrication, falsification, plagiarism, or intentional misrepresentation of academic or professional qualifications;

2.2.2.2 failure to recognize the substantive contributions of others by due acknowledgement;

2.2.2.3 failure to obtain the permission of an author before making significant use in any publication of new information, methods, concepts or data obtained through access to manuscripts or grant applications;

2.2.2.4 attribution of authorship to persons other than those who have participated sufficiently in the work;

2.2.2.5 submission for publication of articles originally published elsewhere, except where it is clearly indicated in the published work that the publication is intended to be a republication;

2.2.2.6 unauthorized and intentional diversion of the research funds of the college, federal or provincial granting councils or other sponsors of research;

2.2.2.7 material failure to comply with relevant federal or provincial statutes or regulations for the protection of researchers, human subjects, the health and safety of the public, or for the welfare of laboratory animals;

2.2.2.8 material failure to meet other relevant legal requirements that relate to the conduct or reporting of research and scholarly activity;

2.2.2.9 failure to reveal material conflict of interest to sponsors or to those who commission work, or when asked to undertake reviews of research grant applications or manuscripts for publication, or to test products for sale or for distribution to the public; and

2.2.2.10 failure by those involved in a research project to reveal to the employer any material financial interest in a company that contracts with the employer to undertake research, particularly research involving the company's products or those of its direct competitors, or to provide research-related materials or services. Material financial interest includes ownership, substantial stock holding, significant honoraria or consulting fees, but does not include routine stockholding in a large publicly traded company.

### ARTICLE 3 – NO HARASSMENT AND DISCRIMINATION

- 3.1 The parties agree there shall be no harassment and/or discrimination on the basis of any prohibited grounds set forth in *the Saskatchewan Human Rights Code* (subject to pension and benefits provisions). Nor shall inclusion or activity in the Association or the Bargaining Unit be cause for discrimination.

The parties further agree there shall be no harassment and/or discrimination practiced with respect to any academic staff member who, in a professionally responsible manner, expresses disagreement with the College's policies and procedures. If there is dispute about whether a member has behaved in a professionally responsible manner, the issue shall be subject to the grievance/arbitration process.

The Saskatchewan Human Rights Code mandates educational accommodations for persons with disabilities. Everyone, including academic staff and administrators, involved in the accommodation process must undertake their roles seriously and with integrity, ensuring that accommodations requested do not compromise academic standards and adhere to the principles of natural justice. It is recognized that the accommodation process depends upon honesty and fairness.

- 3.2 The parties recognize the value of diversity in the College community and are committed to ensuring equal opportunities for all employees. The College shall develop and maintain employment policies, practices, and systems that have a favourable effect on the hiring, retention and promotion of members of designated groups, including women, Aboriginal peoples, persons with disabilities and visible minorities.

A method to monitor equity, agreeable to both the College and the Faculty Association, shall be developed immediately following the signing of this Agreement, and no later than April 30, 2010.

- 3.3 The College shall:
- set goals for hiring, training, and promoting designated groups, and implement action for achieving these goals;
  - set a timetable for achieving employment equity goals, including appropriate

representation of designated groups.

The Faculty Association shall be provided data tracking progress on the above annually.

3.4 When recruiting academic staff members, the College shall:

- ensure that all advertisements reflect the College's commitment to employment equity and encourage self-identification;
- ensure whenever possible that search committees have appropriate gender representation from designated groups and a committee member from outside the academic unit present during the deliberations;
- ensure all search committee members are apprised of their responsibility for employment equity.

Having as its primary goal the hiring of the best possible candidate, the College shall ensure a balanced representation of designated groups among its academic staff members.

3.5 The College shall undertake appropriate steps to identify and redress any historic imbalances in representation of designated groups. The parties agree that appropriate steps include but are not limited to advertising and making appointments, and shall not be deemed a violation of this Article.

3.6 Further, the parties agree there shall be no harassment and/or discrimination practised with respect to any academic staff member by reason of family relationship. The parties agree that no members of the academic staff or officers of the College shall take part in formal discussions regarding the application of the terms and conditions of employment of a member of their families. In addition, a member may not employ, except with the approval of the President, any immediate family member in any capacity on a University-administered research grant that the member holds.

3.6.1 The College follows the University of Regina's Conflict of Interest and Conflict of Commitment policy.

- 3.7 When an academic staff member faces harassment or discrimination, the member may seek redress through the Respectful Work and Learning Environment Policy of the University of Regina, the grievance/arbitration procedures of Article 21, or any other recourse allowed by law.
- 3.8 The parties agree that harassment and/or discrimination as defined in the Respectful Work and Learning Environment Policy may be the occasion of discipline. A member who is disciplined may grieve any discipline imposed.

## **ARTICLE 4 - RECOGNITION**

### **4.1 Scope**

The College recognizes the Faculty Association, which is a member of the Canadian Association of University Teachers, as the exclusive bargaining agent of the members of the bargaining unit, as defined by the Certificate of the Saskatchewan Labour Relations Board dated at Regina, Saskatchewan, on the nineteenth day of January 1977, as may be amended from time to time by the said Board or by mutual agreement of the parties to this agreement.

### **4.2 Contracting Out**

While fully recognizing the spirit and the provisions of Article 14, the College may enter into an agreement with a corporation, organization, or agency for the teaching of credit classes, on a temporary basis, where such services are not available through the normal procedure of hiring individuals personally. In addition, the College may also contract with persons for teaching of credit classes, where such teaching is related to their professional qualifications or employment.

The College shall not enter into a contract for such teaching services with either a person or a corporation where the individual who provides these teaching services is otherwise employed by the College.

The College shall inform the Faculty Association of all such contracting out arrangements at least one week prior to the first day of classes of the semester when the teaching is to take place, except in unusual circumstances.

The information provided to the Faculty Association shall include the following: a list of all previous contracts with this contractor within the last five years, the class or classes to be taught, the qualifications of the person or persons who will do the teaching and the contract price.

In exceptional circumstances when the College cannot get the information about the contract to the Faculty Association in the time stipulated above, the information shall be sent as soon as possible, with a full explanation of the reason for the delay.

Any individual who enters into a contract with the College under this article is not a member of the Faculty Association.

4.3 **Secondment**

- 4.3.1 The College may arrange for the secondment of an employee from another place of employment, with the approval of the Faculty Association. Such approval shall not be withheld unreasonably.
- 4.3.2 The College may arrange for the secondment of the services of an academic staff member, with that member's consent, to another employer. The terms of the secondment shall be made known to the member concerned prior to seeking such consent. The Faculty Association and department head or other appropriate person shall be provided with a copy of the secondment agreements.

## **ARTICLE 5 - ACADEMIC PLANNING**

- 5.1 The College and the Faculty Association recognize the importance of the College engaging in a planning process to permit the College to fulfill its obligations. Such planning shall be undertaken in the spirit of collegiality and with open communication. The parties recognize that such planning involves the need for flexibility in the allocation of resources, consistent with fair treatment of academic staff members, and the provisions of this collective agreement.
- 5.2 Within the context of the planning process, recommendations and decisions regarding the academic offerings of the College shall be made by the College after due consideration of the recommendations of the College Forum.
- 5.3 When instituting, developing, reducing, or eliminating programs, the College recognizes the need to institute these changes in accordance with its responsibility to society and in a way that will minimize the disruption to the careers of academic staff members.
- 5.4 The College and the Faculty Association recognize that the quality of instruction depends significantly upon the maintenance and development of full-time academic staff to teach credit courses. The College is committed to maintaining the quality of instruction at this institution and shall work toward decreasing the proportion of (full-time equivalent) sessional to full-time appointments.
- 5.5 When implementing a significant new service or program, the Dean shall give due consideration to the staffing complement and the workload associated with its implementation, such that the latter does not exceed a normal workload.
- 5.6 Any academic policies and procedures developed by the College shall be fair, transparent, and consistent with the terms of the collective agreement.
- 5.7 The number of academic staff members with Instructor appointments shall not exceed twelve per cent (12%) of the number of in-scope members in the faculty category with tenure-track and tenured appointments. Before any proposed new Instructor position is advertised, the College shall verify that such an appointment will not result in this twelve per cent (12%) limit being exceeded.
- 5.8 College and Faculty Association representatives shall meet, at the request of either

side, to discuss the matter of appointment categories in the College, to identify any anomalies which may exist. The College undertakes to deal effectively with these anomalies within one calendar year.

The College is committed to monitoring and evaluating the proportion of sessionals hired to teach credit classes.

5.9 Whenever an academic staff member holding a tenure-track, tenured or multi-year term appointment is absent from the College and it is known that the member will not be returning within the next year, the College shall endeavour to make a term appointment to cover the member's teaching duties. Though all candidates will be considered, sessional lecturers holding preference in accordance with Article 13.7, and meeting the advertised qualifications for the position, will receive first consideration for these replacement appointments.

5.10 **Retraining**

The College may offer tenured or tenure-track academic staff members leave of absence with full pay and benefits for up to eighteen months to train for another academic discipline. The College and the member shall develop the program in consultation with the Faculty Association, and the College shall give consideration to full or partial payment of tuition, travel and associated expenses. Before the leave of absence commences, the College shall provide the member with a written statement of the terms upon which the leave is being granted. During the leave the member shall remain a member of the current academic unit with no loss of rank, salary, rights, seniority or benefits. After the completion of the retraining the member may be placed in another academic position, with no loss of salary, rank, rights, seniority or benefits.

5.11 **Transfer and Reassignment**

An academic staff member may, by agreement between the member and the College, be assigned to a new academic unit (Article 13.8) within the member's field of competence, with no reduction in rank, salary, rights, seniority, or benefits. If the College no longer requires performance of the work associated with the member's duties outlined in Article 16, the College may temporarily assign other duties to the member. These duties shall be within the member's competence and shall lead to no reduction in rank, salary, rights, seniority, or benefits for the member.

Offers to transfer, whether made by the College or the academic staff member, shall not be refused unreasonably. The Faculty Association shall be present at all ensuing discussions between the College and the member relating to terms and conditions of the transfer. Any final agreement shall be placed in writing and provided to the member, with a copy to the Faculty Association, before the transfer or reassignment becomes effective.

5.12 **Consultation in Committee**

Consultation in committee, wherever it appears throughout the collective agreement, means that the consultative process shall include but not be limited to the following elements: meetings scheduled at a reasonable hour; agendas circulated a day or more in advance and minutes kept; secret ballots as needed, such as for elections; and a reasonable effort to consult those academic staff members who are absent from campus. Consultative meetings shall be called by the Dean or the appropriate department head or equivalent.

Attendance and voting procedures for these consultative meetings shall be determined at a general meeting of the Faculty Forum.

The results of the consultative process are advisory to the Dean or department head or equivalent. Following consultation in committee the academic administrator in receipt of advice from the committee shall respond to this advice in a timely manner.

**ARTICLE 6 - FACULTY ASSOCIATION - COLLEGE RELATIONS  
COMMITTEE**

6.1 There shall be a Faculty Association-College Relations Committee as follows:

6.1.1 **Purpose**

The Committee shall promote harmonious relations by acting as a liaison between the Faculty Association and the College to consider problems or potential problems which may arise from the interpretation and administration of the collective agreement and to discuss, with a view to resolving, problems or potential problems relating to working conditions and equity or market adjustments. The Committee shall have no power to bind either party in the application of the agreement, nor to change the agreement in any way.

6.1.2 **Membership**

The President shall designate two members, and the Faculty Association shall designate two members.

6.1.3 **Meetings**

Meetings may be called by either party upon reasonable notice which will include the nature of the item(s) to be discussed. Agenda items may be presented by either party. There shall be no permanent chair, but rather a chair shall be selected by those attending a meeting. There shall be no official minutes and each party is responsible for keeping any notes it may desire.

## **ARTICLE 7 - MEMBERSHIP AND DUES CHECKOFF**

- 7.1 Membership in the Faculty Association shall not be a condition of employment.
- 7.2 As a condition of employment all academic staff members of the bargaining unit shall remit to the Faculty Association all periodic dues required by the Faculty Association. Such dues are to be remitted at the time members are required to pay them. Academic staff members who move to a position out-of-scope of the bargaining unit will cease to pay dues and will no longer be represented by the Faculty Association except as it pertains to their in-scope position. These individuals shall resume paying dues upon return to their in-scope appointment.
- 7.3 Prior to appointment, the College shall provide each candidate who has been short-listed for an academic staff position information on how the Faculty Association can be contacted.
- The College shall inform each new academic staff member of the bargaining unit of the provisions of Articles 7.1 and 7.2 not later than thirty days after the member's date of appointment, and at the same time provide to the member the Faculty Association Information Package for New Members, as provided by the Faculty Association.
- 7.4 The College shall deduct from the salary of each academic staff member of the bargaining unit membership fees and assessments as directed by the Faculty Association, provided each member who wishes this method of payment has submitted a written authorization for such deduction to the Business Office.
- 7.5 The College shall endeavour to obtain from each new academic staff member of the bargaining unit authorization to deduct from the member's salary all membership dues and assessments as directed by the Faculty Association. If such authorization is not obtained the College shall not be held liable for Faculty Association dues.
- 7.6 The College shall forward promptly to the Faculty Association the amounts so deducted together with a listing of names of those from whom deductions have been made and the amount of such deductions.

**ARTICLE 8 - MEMBERS OF THE ACADEMIC STAFF EXCLUDED FROM  
THE BARGAINING UNIT**

- 8.1 An academic staff member who is appointed to a position excluded from the Faculty Association shall cease membership and discontinue paying dues for the duration of the appointment, provided the appointment is for more than thirty-one calendar days. At the termination of the appointment to an excluded position, the member shall automatically become eligible for Faculty Association membership, shall commence paying dues, and shall have all rights and privileges as if membership had been continuously held throughout the period of appointment to the excluded position.
- 8.2 Members of the academic staff excluded from the bargaining unit solely by virtue of their membership on the Board of Regents shall not be treated differently from members of the bargaining unit with respect to terms and conditions of employment by reason of their membership on the Board of Regents.

## **ARTICLE 9 - ASSOCIATION ACTIVITY AND USE OF COLLEGE PREMISES**

- 9.1 The College agrees to provide to the Faculty Association, exclusively for the conduct of Faculty Association business, office space, telephone (not including long distance or FAX charges), internet, e-mail and the use of the internal University mail delivery service. The mail service is to be used only for Faculty Association communications. The Faculty Association recognizes that there may be circumstances beyond the control of the College that would prevent provision of some, or all, of the above services.

Any electronic correspondence or communication concerning: terms and conditions of employment, or any matters associated with the Collective Agreement that is carried on among members and the Faculty Association staff, office, or officers, is the property of the members or of the Faculty Association.

- 9.2 Subject to availability, the College shall allow the Faculty Association to use College printing services, computing facilities and audio-visual equipment, at College rates.
- 9.3 Subject to availability, the College agrees to provide the Faculty Association with suitable meeting rooms as required.
- 9.4 The College agrees the Faculty Association may, both electronically and manually, post notices and other similar information concerning the Association which may be of interest to its members in accordance with College policy.
- 9.5 The College agrees that the Faculty Association officers, negotiators, and members acting on behalf of the Faculty Association may use time during regular College office hours for the purpose of preparing for and conducting negotiations, and conducting Faculty Association business. Since the duties of the academic staff member are to be continued, prior notification of absences is required.
- 9.6 The Chair of the Faculty Association and the Chair of the Grievance Committee shall not be obliged to teach more than six credit hours during a given academic year. Annually, the Faculty Association shall submit a written request to the President indicating the number of stipends required and the President shall ensure that the relief here stipulated is provided.

During any semester or part thereof in which the Collective Agreement is being negotiated, upon written request to the President, the Chief Negotiator for the Faculty Association shall not be obliged to teach more than three credit hours in that semester. In the case of a member whose normal duties do not include teaching, equivalent relief shall be provided.

- 9.7 In instances where teaching relief for the above positions is impractical, the College, the academic staff member, and the Faculty Association will meet to discuss alternatives.

Relief shall only be provided for individuals holding these positions who are employees of Campion College.

- 9.8 A member's service to the Faculty Association shall be considered in evaluation of performance. Usually this evaluation shall be considered as part of the administrative duties. However, a negative evaluation in this context shall not be deemed to be a violation of Article 3 of this agreement.

- 9.9 The Faculty Association shall have the right at any time to call upon the assistance of representatives of the Canadian Association of University Teachers. Such representatives shall have access to the Campion College premises to consult with members, the Faculty Association officials or the College.

The College is responsible for assuring that the file in the Office of the Dean has all of the relevant data.

The file shall contain only material pertinent to the academic staff member's employment with the College in an academic staff position. It shall not contain any anonymous material except for aggregated and summarized student course/instructor evaluations, developed pursuant to Article 17.18, that are attached to a performance review form. Any information in the official file pertaining to a grievance in which the academic staff member is directly involved shall be made available to the Chair of the Faculty Association or designate.

A letter of reprimand and all associated documents shall be removed from the file upon written request from the academic staff member after a period of three years, provided there has been no documented disciplinary action in the interim. Notwithstanding the above, upon written request by a member to the Dean and with the concurrence of the Dean, such material may be removed before the three-year period expires.

Contents of the member's file may not be removed except as provided for elsewhere in this collective agreement.

## **ARTICLE 11 - WORKING ENVIRONMENT**

- 11.1 Academic staff members shall not be put under surveillance without being notified, except when a temporary camera installation is required specifically to capture inappropriate and/or unlawful behaviour arising from a history of such behaviour at that site, or situations of danger and threats to the college community. This includes non-electronic surveillance, electronic eavesdropping or video cameras, and any kind of computer surveillance or other devices.

Before posted surveillance devices are installed, the College will notify the Faculty Association of their location.

The parties recognize that the safety of employees, staff, students and the general public may require the installation of video cameras, audio recorders or other monitoring devices in public access areas of the campus such as parking lots, walkways, building entrances, exits and hallways. Notice of the presence of video surveillance systems will be posted in accordance with College policy.

The parties agree that academic staff members have the right to privacy in the contents of their personal and professional communications, and in the contents of the files members maintain, whether these communications and files are on paper or in electronic form. The parties shall undertake to respect that right to the extent reasonably possible, subject to applicable legislation. However, this clause in no way limits the right the College has to use material contained in the official file, including communications to, from and concerning members.

The College shall release personal information from an academic staff member's files to a third party only as required for legitimate administrative needs, as provided by law, as permitted by this Agreement, or with the prior consent of the member.

- 11.2 So that academic staff members can effectively carry out their duties, the College shall maintain facilities and a reasonable level of services appropriate to the institution's teaching, research, and related activities. Such facilities and services include, but are not limited to:

The College shall arrange for the provision of ergonomic information, education and assessments as required.

11.5 **Reassignment of Office or Laboratory Space**

All office and lab space is the property of Campion College. When reassignment of space is necessary, the Dean will first discuss the situation with the academic staff members affected. Should a member object to a reassignment of office or laboratory space, the Dean shall meet with the member, and the Faculty Association, to address the situation.

## **ARTICLE 12 - APPOINTMENTS**

- 12.1 All academic staff appointments shall be made by the College after consideration of recommendations presented by the Dean. Such recommendations shall be made by the Faculty Forum only after consultation in committee, or, other procedures as determined by the consultation in committee provided for in Article 5.12. If the College rejects a recommendation, the Forum shall be informed of the reasons for the College's decision.
- 12.2 The Dean shall ensure that appropriate procedures are established and followed to enable academic staff members of the Faculty Forum to participate appropriately in the process of recruitment. To this end, the members of the Forum shall participate in the appointment process within the College through established procedures.

When establishing the procedures noted above, the Dean (or designate) shall consult with the Forum. Appointment procedures shall be reviewed from time to time by the Dean and the Forum. The Dean shall maintain copies of these procedures. The College employment equity policy shall be appended to such procedures.

Such a review is to be initiated either at the request of the Dean or the Forum, as ascertained by a motion to that effect passed at a meeting of the Forum. Forum members and the Faculty Association shall be informed in writing of the new appointment procedures before they are implemented.

The College shall have formal written procedures for making recommendations for, and appointments of, sessionals. These procedures shall at a minimum stipulate what role the College will assign to experience. These procedures will be reviewed and updated every third year following consultation in committee. A copy of the procedures shall be provided to the Faculty Association and, upon request, to anyone applying for a sessional position with the College. All advertisements for sessional appointments shall indicate that a written copy of the appointment procedures is available upon request.

- 12.3 Except in unusual circumstances, all academic staff positions shall be advertised on a web-site operated by the College, with a link to the University of Regina web-site, and such advertisements shall reflect the College's commitment to employment equity. If circumstances preclude an advertisement from being posted in the normal

way, the Faculty Association shall be informed in a timely manner. All postings will be forwarded, by e-mail, to the Faculty Association.

For sessional vacancies, these web advertisements shall be posted at least three months before the beginning of the semester to which they apply. All web advertisements shall be posted on the first business day of the month; the closing date for receipt of applications shall be the last business day of that same month. The posting shall include the course number and title (where these are known).

Normally, all sessional appointments shall be made at least forty-five days prior to the start of the semester. If circumstances preclude an appointment from being made in the normal way, the Faculty Association shall be informed in a timely manner.

Applications for sessional lecturer positions shall include a curriculum vitae and a teaching dossier. This shall be kept on file for up to three years. These academic staff members may then make a written application to the College for upcoming teaching positions without including the entire file. Sessional Lecturers may also provide updated information to the file at any time.

Candidates whose applications for appointment are unsuccessful shall be so informed in writing.

- 12.4 With the exception of sessional appointments, the search committee shall present a motion to the Forum. The decision of the Forum shall then be communicated, in writing, by the Dean to the President.

12.5 **Appointment Offer and Acceptance**

Each academic staff member appointed by the College shall be sent an appointment letter setting forth the conditions of the appointment. The appointment letter shall indicate the URL (uniform resource locator) for the Faculty Association website, specify the conditions by which the member shall become eligible for benefits, and describe the benefits that are available.

An appointment shall not be deemed to have been accepted unless the academic staff member accepts in writing within the time limit specified in the appointment letter.

A copy of the appointment letter shall be forwarded to the Faculty Association

immediately once the College receives notice that an appointment has been accepted. The Faculty Association shall also be notified of any subsequent changes to the terms of employment. Such notice shall be given in a timely manner and before the new terms of employment have been implemented.

12.6 Academic staff members shall be granted library privileges and an email account when their appointment letter is issued and shall retain these services for at least four months after their employment ends. For members whose appointments have not yet commenced or have already ended, the timing and extent of library privileges may be constrained by legal agreements between the College Library and its service providers.

12.7 Letters of appointment for all sessionals shall indicate the conditions for compensation of the academic staff member should the course in question be cancelled. Sessionals shall be compensated if the course is cancelled less than one month prior to the start of the semester. Compensation shall consist of a cash payment equal to one-quarter of the stipend indicated in the original letter of appointment.

If the course is cancelled after the start of the semester, the sessional shall receive one-quarter of the stipend plus the proportion of the stipend corresponding to the proportion of classroom contact hours completed. Where no classroom contact hours are stipulated, the College shall consult with the Faculty Association to determine appropriate compensation.

A Sessional Lecturer who obtains the necessary qualifications for appointment to a higher rank, shall be appointed at the appropriate rank at the appointment subsequent to gaining the qualifications.

- 13.7 In recognition of experience and demonstrated success, the College shall give preference in sessional contracts to individuals who have been academic staff members at Campion College for at least three semesters in the past three years. This provision shall be subject to the members having received satisfactory evaluations and being qualified to teach the course(s) in question. Sessionals shall maintain their preferential status for a period of up to two years from the time of their last sessional appointment at the College.

When a position becomes available at the College, a sessional who has taught for five consecutive years at Campion College and who has taught twenty-five credit courses or more within the College, will be given first consideration among the applicants for the position. Such consideration is contingent on the sessional meeting the qualifications defined in the job description for the available position.

- 13.8 An academic staff member with an appointment in the laboratory instructor or librarian category who is appointed by the College to teach one or more courses shall be appointed as a Sessional Lecturer. The level of appointment shall be in accordance with the qualifications outlined in Article 13.6.

- 13.9 **Academic Unit Assignment**  
Academic staff members are assigned, where appropriate, to departments. Interdisciplinary appointments may be made and the letter of appointment shall

indicate the primary academic unit to which a member is assigned. This shall determine the unit to which the member belongs for actions arising pursuant to Article 25. With the prior written concurrence of the member, duties may be assigned outside of the academic unit to which the individual member is assigned. Any assignments that cross academic units shall be stated in writing, with a copy to the Faculty Association, before they are to take effect.

- 13.10 All academic staff members shall be compensated in accordance with Appendix A.

## **ARTICLE 14 - NATURE OF APPOINTMENTS**

The parties agree that a full-time academic staff benefits the College's students and enhances the College's academic reputation. As finances permit, the College shall plan its employment practices in accordance with this view.

14.1 The College shall appoint academic staff members in one of the following categories.

14.1.1 **Full-Time**

A full-time appointment is one in which the academic staff member is working full-time on a year-round basis.

14.1.2 **Reduced**

A reduced appointment is one in which the academic staff member works on a year-round basis at less than full time, for some part of each year at full time, or for some part of each year at less than full time.

14.2 **Conditions Governing Reduced Appointments**

14.2.1 No full-time academic staff member shall be required to accept an appointment that is not full-time.

14.2.2 An academic staff member holding an appointment with tenure may request a transfer to a reduced appointment with tenure. Such transfers shall not be withheld unreasonably.

14.2.3 Any academic staff member with a reduced appointment who accepts an assignment of duties beyond those stipulated in the letter granting the reduced appointment shall receive pro-rated pay and benefits for this work. The Faculty Association shall be notified in a timely manner of any such change in duties. Members on reduced appointments who apply to teach a course that is administered by an academic unit other than that to which the member is appointed or with which the member has an established interdisciplinary relationship, shall be compensated in accordance with Appendix A, Payment for Courses Outside Normal Duties.

14.2.4 An academic staff member with a reduced appointment who has that appointment increased for five years shall have that appointment permanently increased in the sixth year unless it can be demonstrated by the College the need no longer exists.

14.3 The College shall assign all appointments to one of the following types:

14.3.1 **Sessional**

A sessional appointment is one in which the academic staff member is hired to teach one or more courses in a particular semester.

14.3.2 **Term**

A term appointment has a terminal date, normally one to five years from the appointment date. There is no obligation on the part of the College to offer a term appointee employment after the terminal date.

14.3.3 **Tenure-Track**

A tenure-track appointment is normally for a period of two years following the date on which an academic staff member is first appointed. It may thereafter be renewed annually. Tenure-track appointments shall be renewed when duties have been performed in a satisfactory manner and it is deemed that the member should be given a further opportunity to progress toward an appointment with tenure.

14.3.3.1 The period during which an academic staff member holds a tenure-track appointment is referred to as the probationary period.

14.3.4 **With Tenure**

An appointment with tenure (also referred to as “a tenured appointment” or simply “tenure”) shall be granted when an academic staff member has met the relevant performance standards and shows promise of future contributions that will enhance the College’s academic reputation. Normally the member’s eligibility for an appointment with tenure shall be determined during a prior probationary period at the College. An appointment with tenure shall continue indefinitely subject only to Articles 19 (Retirement and Termination of Employment), or 25 (Financial Exigency).

14.4 **Conditions Governing Appointment Types**

14.4.1 **Sessional**

14.4.1.1 The College shall work to reduce the proportion of sessional appointments.

14.4.2 **Term**

14.4.2.1 The terminal date of term appointments shall be stipulated in the letter of appointment.

14.4.2.2 Should the College wish to extend or renew a term appointment, it shall send the academic staff member notice of its intention at least six weeks before the term appointment expires. The member is not obliged to accept such an offer of extension or renewal.

14.4.2.3 Term appointments other than a visiting appointment shall normally be for twelve months. Term appointments may be made for less than twelve months in circumstances such as:

- when unforeseen circumstances prevent or delay a position from being filled before the beginning of the academic year;
- when an academic staff member is granted leave for a period of less than twelve months;
- when necessitated by planning decisions arising under Article 5;
- when the candidate's availability limits the appointment.

14.4.2.4 Appointments shall be made at the academic category and rank appropriate to the academic staff member's qualifications and experience.

14.4.2.5 No academic staff member shall hold a term appointment, or a series of term appointments, for more than five consecutive years. An appointment in the sixth consecutive academic year

shall be an appointment with tenure. Members shall be deemed to have held a term appointment in a given academic year if they held a term appointment during any part of that academic year.

14.4.2.6 Should an academic staff member subsequently receive a tenure-track appointment at the college, time spent in a term appointment at the college shall count towards the fulfilment of the probationary period. This condition may be waived if, in the judgement of the Dean or equivalent and with the agreement of the member, the duties of the term appointment were significantly different from those of the tenure-track appointment.

14.4.2.7 Academic staff members reappointed to term positions in the same subject areas and members with multi-year contracts shall receive any applicable scale increase and be eligible (subject to satisfactory performance) for career-growth increments.

14.4.2.8 The conditions outlined in this article (14.4.2) may be waived with the prior agreement of the Faculty Association.

#### 14.4.3 **Tenure-Track**

14.4.3.1 Tenure-track appointments may be renewed but no individual may serve more than five consecutive years in a probationary capacity. Not less than three months before a tenure-track appointment is to expire, the College shall inform the academic staff member whether it will let the present appointment lapse, renew the tenure-track appointment for another year, or grant the member an appointment with tenure.

14.4.3.2 After the first tenure-track appointment, no new special conditions shall be attached to subsequent renewals of an academic staff member's tenure-track appointment, except those which relate to performance during the probationary period. In addition, existing conditions shall not be made more stringent.

14.4.3.3 Approved leaves of four months or more shall add the greater of

one year or the length of the leave to the probationary period.

14.4.3.4 At the request of the academic staff member and with the concurrence of the College, the probationary period may be extended for one or two additional years to a total of six or seven years. The College's concurrence shall not be withheld unreasonably. Reasons for denying such a request shall be communicated in writing to the member.

14.4.3.5 The conditions outlined in this Article (14.4.3) may be waived with the prior agreement of the Faculty Association.

**14.5 Instructors**

Instructors may be appointed to term, tenure-track, or tenured appointments. Appointments to the position of Instructor I, II, or III shall be in accordance with Article 13.5.

As student demand for courses permits, instructors with less than full-time appointments shall be given the opportunity of having their appointments increased to full-time appointments prior to any other Instructors or Sessional Lecturers being appointed in the units where these Instructors hold their appointments. Such Instructors' modified appointments shall then be included in the twelve per cent (12%) limit under Article 5.7.

**14.6 Research Chairs**

Appointments to Research Chair positions at Campion College may be term, tenure-track, or tenured. All Research Chair positions shall be included in the academic bargaining unit of Campion College and all individuals appointed to Research Chair positions shall be members of the academic bargaining unit represented by the University of Regina Faculty Association (except if they are also appointed to an out-of-scope administrative position). All Research Chair appointees shall be assigned academic positions at the College.

14.6.1 The number of Research Chair positions across the College shall not exceed seven per cent (7%) of all in-scope tenure-track and tenured appointments within the faculty category. The limit of seven per cent (7%) shall only be exceeded by mutual agreement of the parties.

14.6.2 All Research Chair positions shall be advertised, and such advertisements shall reflect the College's commitment to employment equity. At the time when the advertisement is placed, members of the academic unit to which the discipline of the position is related shall be notified in writing.

14.6.3 Applications and nominations for Research Chair positions shall be made to the Dean. The normal procedures of appointment within the College shall be used to fill the position.

Whenever feasible, more than one candidate shall be considered for each position. Short-listed candidates for Research Chair positions shall be interviewed and normally shall give an open presentation at Campion College. The presentation shall be announced to all academic staff members and all members shall be provided with an opportunity to familiarize themselves with the candidate and provide written recommendations and statements, in accordance with Article 12.2 of the Collective Agreement.

14.6.4 Where the initial recommendation is to make an appointment with tenure, the Dean shall notify the Forum of this recommendation. Members may submit comments to the Dean with respect to the proposed appointment in accordance with Article 12.2.

When the appointee does not hold this rank elsewhere, appointments at the rank of Professor shall be considered by the Academic Review Committee.

14.6.5 Understanding that the emphasis shall be on fostering research, scholarship, and related activities, the duties and review procedures for academic staff members in Research Chair positions shall be governed by the Collective Agreement and the Criteria for Performance Review of the College. The review procedures and criteria for Research Chairs shall only be modified after consultation in committee with the College. Any modifications shall be made in writing with a copy to the Faculty Association. The letter of appointment shall include statements of all conditions associated with the position, including duties, salary, review procedures, and any other terms and conditions of employment associated with the position.

- 14.6.6 At all levels of the nomination, recommendation, and appointment process, those involved shall make explicit attempts to address equity issues. The College shall specifically report on the steps it has taken to ensure that equity issues have been addressed in Research Chair programs. This report shall be disseminated to academic staff members in a timely manner.
- 14.6.7 Research Chairs shall be appointed at a category, rank and salary appropriate to their qualifications and experience in teaching and research. In addition to the normal salary, a Research Chair shall also be paid a stipend. Normally, the stipend shall not exceed fifty thousand dollars per annum. The amount of the stipend shall depend on the nature of the appointment, and the scholar's record, reputation, and degree of international recognition. Stipends shall be included in benefit calculations.
- 14.6.8 The parties to this agreement recognize that all Canada Research Chair positions are subject to review and final approval by the CRC Secretariat of the Government of Canada.
- 14.7 **Member's Election to Transfer to Reduced Appointment with Tenure**  
Without prejudice, the College or an academic staff member who holds a full-time appointment with tenure may request of the Dean a reduced appointment with tenure. The Faculty Association shall be informed of the terms of any offer presented and, at the member's request, has the right to be present during the discussion.
- 14.7.1 The maximum reduction in duties from full-time service shall be to fifty per cent.
- 14.7.2 An academic staff member whose application for a reduced appointment is approved shall have a "base salary rate" computed as if the member were continuing on a full-time basis. All relevant salary adjustments shall be applied to the base salary rate. The "actual salary" to be paid to the member shall be prorated from the base salary rate in direct relation to the approved reduction in duties for the reduced appointment.

- 14.7.3 The academic staff member shall be eligible for promotion, sabbatical and other provisions of this collective agreement.
- 14.7.4 The academic staff member may return to full-time duties within the first twenty-four months following the effective starting date of the member's first reduced appointment, provided that the member gives six months' notice in writing to the Dean of the member's intention to do so. Following this twenty-four month period a member on reduced appointment may not return to full-time duties or change the percentage reduction in duties unless approved by the College.
- 14.7.5 The academic staff member shall continue to participate in the pension plan, and contributions shall be based on actual salary.
- 14.7.6 The contributions and coverage for other benefit plans shall be based on the terms of the plans themselves and the academic staff member's actual salary.

## ARTICLE 15 - ADMINISTRATIVE APPOINTMENTS

15.1 In-scope administrative appointments include, but are not limited to, Department Heads, Area Representatives, and the appointment of an Assistant Dean. A regular administrative appointment is made for a term of up to three years. When a vacancy exists, either because there is no incumbent or because the incumbent is temporarily absent, the College may make an acting appointment for a period of not more than twelve months.

### 15.1.1 **Appointment Procedures**

Any academic staff member receiving an administrative appointment shall be appointed in writing by the College. Factors such as academic seniority, academic leadership, administrative competence, and the particular needs of the College shall be taken into consideration.

### 15.1.2 **Duties**

For the Assistant Dean, administrative duties shall be established by the Dean following consultation with the incumbent. The Dean shall not assign new duties or significantly alter existing duties without prior consultation.

Peer review committees shall take the time demands of the duties of any academic staff member with an administrative appointment into consideration but shall not evaluate the performance of those duties.

An academic staff member with an administrative appointment who is planning to be absent from campus shall make prior arrangements with the

Dean to ensure satisfactory performance of their administrative duties during the period of absence.

15.1.4 **Stipends**

In addition to their regular salaries, academic staff members with an administrative appointment shall receive a stipend as provided in Appendix A.

An academic staff member appointed in an acting position for one month or more shall receive the stipend of the regular member, prorated to the term of the appointment, part months to count as full months. No stipends shall be paid for administrative appointments of less than one month.

An administrative stipend is taxable income and shall be counted as income when calculating member benefits that are based upon income.

15.2 **Termination of Administrative Appointments**

Normally, incumbents may resign administrative duties with sixty days notice by notifying the Dean in writing.

Normally, the College may terminate the appointment of administrative duties with sixty days notice by notifying the academic staff member in writing.

The following shall apply to all academic staff members, unless otherwise specified in Articles 16.2 to 16.6.

16.1.1 Some duties may be explicitly assigned by the Dean. Academic staff members are responsible to the Dean, for the performance of all their College duties, assigned or otherwise.

16.1.2 Except for vacation time and approved leaves, or unless otherwise specified in the terms of appointment, academic staff members shall carry out their duties for the entire twelve months of the academic year.

16.1.3 The College criteria document may elaborate upon, but shall not prescribe outside, the duties identified in Articles 16.2 to 16.6. The criteria document may define what constitutes “public service” but shall not prescribe specific duties in this area.

16.1.4 Academic staff members with full-time appointments shall not engage in outside professional activities to the extent that they interfere with the performance of their College duties and collegial responsibilities. Outside professional activities that are appropriately related to a member's duties at the College, shall be encouraged. Outside professional activities include but are not limited to consulting, personal contracts, private practice in the member's profession, and teaching duties for any other employer.

If there is any reasonable doubt that an outside professional activity might compromise an academic staff member's ability to perform regular duties, the member shall apply beforehand in writing to the Dean describing the nature and duration of the prospective activities. The Dean shall inform the Head of the member's academic unit whenever they approve such applications. The member shall keep the Dean informed of the general nature and scope of the approved activities and provide details on the Annual Information Form.

- 16.1.5 Normally, the duties of academic staff members are to be performed on campus unless other arrangements are approved in advance by the Dean. The Dean shall not withhold approval unreasonably.
- 16.1.6 Academic staff members shall maintain scholarly and professional competence appropriate to their duties.

- 16.2.2 Teaching duties are assigned by the Dean following consultation in committee with the faculty members.
- 16.2.3 Notwithstanding 16.1.1, in assigning duties to the academic staff members of the unit, the Dean may assign a lighter workload to members with tenure-track appointments than to members with tenured appointments.

## 16.3 **Librarians**

- 16.3.1 The duties of a librarian shall include one or more of the following:

- a) position responsibilities consistent with the status of a professional librarian and associated with serving the needs of the College Library and the College community;
- b) scholarship, research or equivalent professional activities;
- c) administrative duties; and
- d) public service.

Position responsibilities shall be assigned by the Dean following consultation in committee with the College Librarian.

16.3.2 Librarians may request a release from other duties, for a minimum of two weeks each academic year, to pursue professional research or scholarly activities.

16.3.2.1 The release shall be scheduled by agreement between the librarian and the Dean.

16.3.2.2 The Dean and the librarian requesting the assignment shall, in the process of consultation, discuss the research/scholarly/professional proposal.

16.3.2.3 The work for which the research/scholarly/professional assignment was granted shall be evaluated as part of the normal review process.

16.3.2.4 The librarian may request to accumulate up to four weeks of research time by notifying the Dean at least three months before the end of the academic year.

Laboratory Instructors shall not be required to accept an assignment that exceeds the agreed upon workload, nor shall the Laboratory Instructor receive adverse performance reviews or be disciplined for declining such an assignment.

**16.5 Instructors**

The primary professional duty of an Instructor is to teach. Other teaching-related duties may be required of Instructors. If such duties are to be assigned, the member shall be consulted beforehand and teaching loads shall be reduced appropriately.

Teaching duties are assigned by the Dean following consultation in committee with the academic staff members.

**16.6 Sessionals**

The primary duty of a sessional is to teach. If any other duties are to be assigned, these must be explicitly stated in the letter of appointment. Article 16.1.4 shall not apply to sessionals.

**16.7 Sabbaticals**

The College endorses sabbaticals as a means of encouraging continuous professional development and productive scholarship which will be mutually beneficial to the academic staff member and the institution. A member may apply for, or the College may offer, a sabbatical. The College shall grant annually a limited number of sabbaticals in keeping with its responsibilities. Such sabbaticals shall not be withheld unreasonably.

**16.7.1 Eligibility:** In order to be eligible for a first sabbatical, the academic staff member must have at least six years of continuous employment at Campion College, and hold an appointment with tenure, in one or more of the ranks of Professor, Associate Professor, Assistant Professor, Lecturer, Librarian, or Laboratory Instructor.

To be eligible for a subsequent twelve-month sabbatical the academic staff member must have had at least six years of continuous employment in the

above ranks since returning from the previous sabbatical To be eligible for a subsequent six-month sabbatical, the member must have had at least three years of continuous employment in the above ranks since returning from the previous sabbatical.

All years of eligibility are foregone when an academic staff member takes a sabbatical. However, should a member have eligibility, a proposal fully acceptable to the Dean, and a valid plan for a sabbatical, and then have such a sabbatical delayed by the Dean for a year or more, that member shall be granted a sabbatical as soon as possible, and eligibility for the subsequent sabbatical shall be accumulated as if the member had taken the sabbatical as originally planned.

16.7.2 **Duration:** A sabbatical is for a period of twelve months, or for a period of six months, commencing July 1st or January 1st. With the concurrence of the Dean, a member may take a twelve-month sabbatical in two six-month periods with an interval of six months between them.

16.7.3 **Remuneration:** The academic staff member shall receive eighty per cent (80%) of salary, exclusive of stipends, which is in effect during the sabbatical period (prorated if less than full time). The member may apply to use part of the remuneration as a research grant. Other remuneration which the member may receive during the sabbatical is limited to an amount which brings the total to one hundred per cent of normal salary, exclusive of grants for research purposes and monies obtained for authorized outside professional activities, plus travel and related expenses for the member (unless claimed as part of the sabbatical grant defined above), spouse and dependent children. The College assumes no responsibility for the taxation status of sabbatical grants.

16.7.3.1 With the agreement of the Dean, an academic staff member may elect to take a six-month sabbatical at one hundred percent (100%) of salary in lieu of a twelve-month sabbatical at eighty percent (80%) of salary.

16.7.3.2 Only at the request of their Dean shall academic staff members teach at the College while on sabbatical. Members shall be paid one overload stipend for each course taught. Members shall not

receive adverse performance reviews or be disciplined for declining an appointment to teach at the College while they are on sabbatical.

- 16.7.4 **Benefits:** The College's and the academic staff member's contributions to employee benefits shall be based on the salary which the member would normally have received in that year.
- 16.7.5 **Vacation:** Annual vacation, prorated to the length of the sabbatical, shall be earned during the sabbatical, in the normal manner. The academic staff member shall be assumed to have used a prorated portion of annual vacation during the sabbatical.
- 16.7.6 **Application:** An eligible academic staff member of the faculty may apply to the Dean nine months prior to the beginning of the academic year in which the sabbatical is to commence (i.e., by October 1<sup>st</sup>). A detailed statement of the member's plans for the entire period of the sabbatical, indicating the anticipated benefits to the member and the institution, shall accompany the application.

The Faculty or equivalent peer review committee shall review all applications for sabbatical within two months following their submission, and make recommendations to the Dean.

- 16.7.7 **Notification:** The Dean shall inform the academic staff member at least six months prior to the commencement of the academic year in which the sabbatical was proposed to commence.

Should an application not be approved, upon written request the Dean shall provide written reasons for the decision.

- 16.7.8 **Cancellation and Change:** The academic staff member may cancel the application by notifying the Dean in writing at least four months prior to the commencement of the academic year in which the sabbatical was proposed to commence. After that date the sabbatical normally may not be cancelled or deferred. It is the responsibility of the member to notify the Dean of any changes in plans, and to consult with the Dean about revised plans in order to use the sabbatical for appropriate professional

development and productive scholarship.

- 16.7.9 **Sabbatical Report:** The academic staff member must prepare and forward to the Dean a full written account of the member's scholastic and professional activities during the sabbatical. This report and details of the original sabbatical plan and any modifications to the plan, are to be included as part of the member's annual information form.
- 16.7.10 **Return to Staff:** The academic staff member shall return to the staff of the College for a period of at least six months following the sabbatical, or the College may require the member to reimburse the College for all remuneration received during the sabbatical prorated to the amount of time, expressed in full months, by which the member's service to the College since returning is short of six months. This condition shall not apply when a member, immediately upon returning from sabbatical, ceases to be employed as a result of an unforeseen retirement.
- 16.7.11 **Waiver of Specifications**  
Any of the above specifications may be waived by mutual agreement, confirmed in writing, between the College, the academic staff member, and the Faculty Association.
- 16.7.12 **Salary Adjustments**  
Time spent on sabbatical shall count as service with the College for salary adjustments.

## **ARTICLE 17 - PERFORMANCE REVIEW**

- 17.1 Performance reviews are used to determine whether academic staff members will be granted career-growth increments, merit increments, promotions, renewals of tenure-track appointments, and tenured appointments.
- 17.2 All involved in the performance review process must undertake their roles seriously and with integrity, ensuring that statements, both verbal and written, refer to aspects of performance, are fair commentary, and are based upon appropriate evaluation of the material specified in Article 17.5. It is recognised that the performance review process depends upon honesty, fairness, and confidentiality, and is governed by the principles of natural justice.
- 17.3 The Dean shall conduct a review of the performance of academic staff members within the College, according to the following schedule:
- 17.3.1 A review shall occur during the second academic year (July 1<sup>st</sup> to June 30<sup>th</sup>) of an initial tenure-track appointment. A career-growth increment shall be provided to the academic staff member on the first July 1 following the initial date of appointment. The provision of this increment is not an indication of career-growth but it cannot be revoked by a subsequent review.
- 17.3.2 Reviews shall be conducted annually for all academic staff members who:
- hold term appointments;
  - hold tenure-track appointments (other than initial);
  - have applied for promotion;
  - have applied for a merit increment;
  - hold appointments with tenure and ask the Dean in writing before November 30<sup>th</sup> to be reviewed;
  - hold appointments with tenure and have been informed in writing before July 1<sup>st</sup> by the Dean that they will be reviewed (the letter from the Dean shall give the reason(s) for the review and explain that the member has the right to notify the Faculty Association);
  - were eligible for a career-growth increment the prior year and did not receive one, or were not eligible and were informed that they would not have received a career-growth increment even if eligible.

- 17.3.3 Reviews shall be conducted every third year for academic staff members holding appointments with tenure (other than those affected by conditions specified in Article 17.3.2).

Academic staff member holding appointments with tenure shall be provided with a career-growth increment on July 1<sup>st</sup> following the year in which they are not reviewed. The provision of this increment is not an indication of career-growth but it cannot be revoked by a subsequent review.

- 17.4 Except under unusual circumstances, a review shall not be initiated for an academic staff member who is on leave. When a review for a member on leave is deemed to be desirable, the Dean shall notify the member and the Faculty Association, in writing, of the unusual circumstances that appeared to warrant such a review. If such a review is to be undertaken, the member shall receive notice before July 1<sup>st</sup>.

Notwithstanding the foregoing, an academic staff member on leave may initiate a review (including an application for promotion, a merit increment, or an appointment with tenure) by notifying the Dean in writing no later than November 30<sup>th</sup>. Members on leave may withdraw a request for review by notifying the Dean in writing by January 1<sup>st</sup>.

- 17.5 The review shall be based on the following documents:

- 17.5.1 the Annual Information Form(s), supplied by the College, and completed by the academic staff member. In the case of members being reviewed after two or more years, consideration shall be given to the Annual Information Forms for each of the years;
- 17.5.2 the Performance Review Form(s), supplied by the College, completed by the Review Committee and signed by member as indicated in Article 17.14;
- 17.5.3 a current curriculum vitae;
- 17.5.4 material in the academic staff member's official file relevant to the period under review;

17.5.5 documents and other works relevant to the academic staff member's performance of duties during the period under review;

17.5.6 aggregated and summarized data from student course/instructor evaluation forms developed pursuant to Article 17.18 and forming part of the official file pursuant to Article 10.5.

The academic staff member is responsible for providing the relevant information and documentation for the review. The member may append to the Annual Information Form any related additional information.

17.5.7 Information not stated on the Annual Information Form or Performance Review Form, or not contained in the official file, for the period under review shall not be considered.

17.6 The period to be reviewed terminates on December 31<sup>st</sup>. Career-growth decisions shall focus on the period under review.

- When an academic staff member is applying for promotion or applying for or being considered for an appointment with tenure, the performance review shall cover the member's entire career.
- When an academic staff member is applying for a merit increment, the performance review shall cover the period since the last merit increment received or, if the member has never received a merit increment, since initial appointment.
- Performance reviews may refer to issues raised with a member in the previous performance review and evaluate how the member has addressed these issues during the period since that review.

17.7 Upon written request to the Dean, an academic staff member shall be provided with a list of all members in the same category (faculty, librarian, laboratory instructor, or instructor) who, within five years of the date of such request, have received the career progress which the member is seeking, if it is a merit increment, granting of an appointment with tenure, or a promotion from one rank to another.

17.8 Each year, every academic staff member shall complete an Annual Information

Form (which has been distributed by the College) and submit the completed form to the Dean. However, if the member is not being reviewed and is absent from campus, and if the Dean agrees, the Form need not be submitted for the first year. Instead, two Forms shall be submitted at the end of the next year period.

Academic staff members who hold tenure-track appointments shall submit their completed Annual Information Form and any supporting documentation by December 15<sup>th</sup>. Members with term appointments or appointments with tenure shall submit their completed Forms and any supporting documentation by January 31<sup>st</sup>.

- 17.9 Those applying for tenure, promotion, or merit shall apply to the Dean no later than November 30<sup>th</sup>. Applications for promotion or tenure require supporting documentation at this time. Supporting documentation for merit shall be provided with the Annual Information Form. Academic staff members shall have the opportunity to provide supplementary documentation at any time before the initial review is conducted.

Applications may be withdrawn at any time before the initial review is completed by notifying the Dean in writing.

- 17.10 The factors normally taken into consideration in the review shall include those duties outlined in the appropriate section of Article 16 and specified in the *Guidelines for Academic Review (April, 2009)*.

In this review, the nature, extent, and location of such duties shall be taken into consideration. When assessing librarians, the amount of time available for research or professional activities shall be taken into account.

When the performance of Instructors is being reviewed, the Dean shall make every possible effort to secure instructor representation on the Review Committee. Care shall be taken to ensure that the review focuses only on Instructors' assigned duties which are teaching and teaching-related duties.

- 17.11 When establishing the review criteria and procedures, the Dean shall consult in committee with the Forum. These criteria shall be reviewed from time to time by the Dean through consultation in committee with the members of the College. Such a review is to be initiated either at the request of the Dean or after a request by the Forum, as ascertained by a motion to that effect passed at a meeting of the members

of the College as specified in Article 13.8. These criteria shall be distributed to the Forum members to whom they pertain and to the Faculty Association.

New or revised review criteria must be approved before the beginning of the review period to which they shall apply. Approval shall be by a majority vote of the Forum. In the event that agreement cannot be reached between the Dean and the Forum, the review criteria shall be specified in writing by the President only after consultation in committee with the Forum.

17.12 The criteria document shall elaborate on the duties of academic staff members and the process by which members' performance of these duties is to be reviewed. The criteria documents shall not contravene any of the provisions of the Collective Agreement.

17.13 The initial step in the review process shall be made by the Academic Review Committee in accordance with procedures specified in the *Guidelines for Academic Review (April, 2009)* and entered on the form over the signatures of the members of the Committee.

17.14 The academic staff member shall be given an opportunity to see the Performance Review Form after the Review Committee has made its recommendation(s).

The academic staff member shall sign the form indicating that the member has read the document. The member's signature does not necessarily indicate that the member is in agreement with the statements on the Form. Clarifying information may be added by the member as soon as possible (and within one week of reading the document or having received the communicated information on the form). This additional information shall be attached to the form prior to its review by the Dean.

17.15 The second step in the review process shall be conducted by the Dean.

The Dean shall review the statements included in and attached to the Annual Information Form and the Performance Review Form in the light of established criteria of the College.

The Dean shall invite, in writing, all academic staff members under review to peruse their Forms and, if they have concerns, to schedule meetings with the Dean to discuss the Forms and the forthcoming career decision of the Dean. Upon request

of the member, the Dean shall provide the member with a copy of the Performance Review Form (including the recommendations of the Review Committee). Except in unusual circumstances, members who are not on leave shall have seven days from receipt of the invitation to respond. If a member requests a meeting, the Dean shall schedule it as quickly as possible. The Dean shall contact members who are on leave and are being reviewed to arrange a mutually satisfactory deadline for perusing their Forms and arranging any meetings to discuss the Forms and the forthcoming career decision of the Dean.

At the meeting the academic staff member shall be given an opportunity to interpret, explain or add to the information contained in the written statements on the Performance Review Form.

After the initial meeting the academic staff member shall have seven calendar days to request one further consultation.

An academic staff member may attach a special submission to the Performance Review Form before the Dean issues a decision. It is the member's obligation to attach such a submission within seven days of the initial meeting with the Dean.

- 17.16 If an academic staff member deems that a written comment or evaluation on the Annual Information Form, the Performance Review Form, or any material attached thereto, by any person or committee involved in the performance review process, is biased, unfair, or otherwise improper, the member may request that the comment be reconsidered. If the Dean agrees, the author shall be asked to rescind or alter the comment.

If the Dean does not agree or if the author refuses to rescind the comment or alter it in a manner acceptable to the academic staff member, the Dean or the member may refer the matter to a tripartite board. The board shall determine whether or not the comment is to be excised or amended. The board shall be composed of members currently on staff at the College and outside the department where the dispute has occurred. The College and the Faculty Association shall each name one academic staff member to the board. The Chair shall be selected by mutual agreement between the Faculty Association and the Dean.

The College shall inform the Faculty Association of disputes arising under this Article, and shall provide the Faculty Association with the information needed to

monitor the progress and resolution of such disputes.

- 17.17 Only after all the steps outlined above have been completed shall the Dean make a decision concerning the academic staff member's career progress. The Dean may consult with any of the parties involved in the review process before making a decision.

The Dean shall enter the decision on the Performance Review Form and sign the Form.

- 17.18 The Dean may develop, administer, and use appropriate student course/instructor evaluation forms, following consultation in committee with academic staff members of the appropriate unit.

Such evaluation forms shall be designed, in part, for the purpose of obtaining fair and reasonable assessments of the quality of teaching. Information from such course evaluations included in an academic staff member's file shall be aggregated and summarized and shall exclude any anonymous remarks.

When the results are used in any performance review this shall be done in a fair and responsible manner.

An academic staff member who does not wish to use the forms which are in current use may make a written proposal to the Dean suggesting an alternate method of student course/instructor evaluation.

- 17.19 All decisions on career progress arising from the performance review process shall be communicated to the academic staff member in writing in a timely manner and no later than June 30<sup>th</sup>. In the case of a decision concerning renewal of a tenure-track appointment, or granting of an appointment with tenure, the decision shall be communicated to the member no later than March 31<sup>st</sup>.

- 17.20 Upon written request, the Dean shall provide written reasons for the decision made upon the review of an academic staff member. The reasons shall refer clearly to the established criteria.

In the case of renewal of a tenure-track appointment, the Dean shall communicate to the academic staff member annually and in writing any areas of concern, indicating

the Dean's assessment of the member's performance and areas that need improvement. At the request of the member, the Dean shall discuss with the member the ways and means by which performance can be improved.

The decision of the Dean concerning renewal of a tenure-track appointment or granting of tenure is subject to the approval of the President. Neither the Dean nor the member, nor anyone acting on their behalf, shall confer privately with, or provide additional evidence or arguments to, the President.

- 17.21 Every academic staff member who has been reviewed and whose performance has been deemed to be below standard for the rank and level of appointment shall be so informed in writing by the Dean. The Dean's letter shall also stipulate what improvements would be required for the member's performance to be considered acceptable.

## **ARTICLE 18 – CAREER-PROGRESS DECISIONS**

- 18.1 Career-progress decisions concern career-growth increments, merit increments, promotions, renewal of tenure-track appointments, and granting of appointments with tenure. Career-progress decisions shall be based solely on performance reviews carried out according to applicable provisions in Article 17. All career-progress decisions are made by the Dean. The Dean's decisions on renewal of tenure-track appointments or granting of tenure, however, require the approval of the President.
- 18.2 For academic staff members in the faculty, librarian, instructor and laboratory instructor categories, career-growth increments shall be awarded to those whose performance has met the standards for their level of appointment, subject to the limitations of the salary range for the category and rank and to the provisions of this agreement.
- 18.3 Merit increments shall be awarded to those academic staff members who, considering their present category, rank, and duties, demonstrate exceptional service, or sustained performance that is well above average.

Decisions on merit increments shall be based on the academic staff member's performance since the last merit increment received or, if the member has never received a merit increment, since initial appointment. While decisions on merit increments are based primarily on a member's performance of the duties listed in Article 16 for that category of member, outstanding contributions in the areas of scholarship and administration shall be given due consideration even if these are not among the duties listed for that category of member.

The initial reviewer and/or Academic Review Committee may recommend an academic staff member to the Dean for a merit increment, whether or not the member has applied for a merit increment under Article 17.9.

- 18.4 Academic staff members with appointments in faculty, librarian, instructor, or laboratory-instructor categories who meet the criteria in the College criteria document shall be promoted.
- 18.4.1 Any academic staff member appointed to the rank of Instructor upon application shall be reclassified to the appropriate rank after providing

official documentation of the necessary qualifications as outlined in Article 13.5.

- 18.5 Tenure-track appointments shall be renewed when academic staff members have performed their duties in a satisfactory manner and it is deemed that they should be given a further opportunity to progress towards a tenured appointment.
- 18.6 Academic staff members with appointments in the faculty, librarian, instructor, or laboratory-instructor categories shall be granted an appointment with tenure when there is evidence of consistent performance that has met the standards for their category and rank of appointment through the probationary period (including, in the case of faculty members and librarians, professional growth and development demonstrated by contributions to their discipline and to the College) and where there is promise of future contributions that will enhance the academic reputation of the College.
- 18.7 The College criteria document may elaborate upon, but shall not prescribe outside, the provisions of Article 18.1 through 18.6 pertaining to the grounds for awarding merit increments, promotions and tenure.

18.8 **Process for Appealing Career-Progress Decisions**

- 18.8.1 Academic staff members may appeal career-progress decisions using the process described in this Article (18.8). In unusual circumstances and with the agreement of the member, the College and the Faculty Association, the Appeal Process may be bypassed and the case handled instead through the Arbitration Process described in Article 18.8.8.

Career-progress decisions cannot be grieved. Nor can an Arbitration Board convened for other reasons rule on related career-progress decisions. An Arbitration Board shall however have the power to require that the College and the member follow the procedures set out in this agreement pertaining to career-progress decisions.

- 18.8.2 An appeal is initiated by the academic staff member filing a notice of appeal with the Chair of the Faculty Association. (Hereinafter the member initiating the appeal shall be known as the appellant.) The notice of appeal must be filed on or before August 15<sup>th</sup>. In cases of non-renewal of a

tenure-track appointment or denial of an appointment with tenure (regardless of whether it is the final year of probation), appeals must be filed within 30 days of receipt of notification of non-renewal or denial and not later than April 30<sup>th</sup>.

**18.8.3 Notice of Appeal**

The notice of appeal shall be signed by the appellant and shall specify:

- the decision being appealed
- the name, category, rank, and academic unit of the appellant
- the grounds on which the appeal is based
- the remedy or remedies being requested

The Faculty Association shall forward to the Dean all notices of appeal that it intends to bring to the Appeals Committee, together with a list of the appeals, signed by the Chair of the Faculty Association. The notices of appeal and the accompanying list shall be forwarded in a timely manner.

**18.8.4 Appeals Committee**

When an Appeals Committee is required, it shall be struck no more than fifteen days after the deadlines specified in Article 18.8.2 for submitting a notice of appeal. Appeals arising out of career-progress decisions that take effect on July 1<sup>st</sup> normally shall be heard by an Appeals Committee convened as soon as possible after September 1<sup>st</sup>. Appeals arising out of a decision denying tenure (regardless of whether it is the final year of probation) or renewal of a tenure-track appointment normally shall be heard by an Appeals Committee that is convened and reports its recommendations before June 30<sup>th</sup>.

The Appeals Committee shall consist of three members who now hold, or have held, academic rank with tenure. The College and the Faculty Association shall each appoint one member. The Chair shall be selected by agreement between the College and the Faculty Association. If a Chair cannot be selected in this manner, the President shall name the Chair.

On behalf of the Appeals Committee Chair, the College shall inform each appellant in writing of the names of the Committee members. The appellant shall have five days from receipt of notice to identify any

Committee members having a conflict of interest. The appellant may request substitutes for any Committee members identified as being in a conflict of interest. Substitutions shall be made only upon the appellant's written request and only for that appellant's hearing. In its letter describing the composition of the Appeals Committee, the College shall inform the appellant of the conditions and deadline for requesting substitutes. Any substitutes shall be named by the party that named the original Committee member, except if the member in question is the Committee Chair, in which case the College and the Faculty Association shall agree on a substitute Chair.

**18.8.5 Appeal Hearing**

As soon as possible after the Appeals Committee is formed, the Chair, in coordination with the College and the Faculty Association, shall schedule an Appeal Hearing for each appeal.

The appellant and the Dean may each have a support person present at the Appeal Hearing.

The administrative details of scheduling and conducting an Appeal Hearing are specified in Article 18.9.

**Documentation for the Appeal Hearing**

The Dean shall provide the Appeals Committee Chair with copies of all the evidence and documentation from the performance review that was available to the Dean at the time the decision under appeal was made. The Dean may only submit evidence and documentation from the review period that is relevant to the decision under appeal. The Dean shall supply this material to the Committee Chair at least one week before the Appeal Hearing. After the Dean has supplied the material to the Committee Chair, the appellant may peruse them and make copies as desired (at the appellant's expense). The appellant may provide any additional material that the appellant deems relevant, as long as it concerns the relevant review period and is submitted to the Committee Chair at least three days before the Appeal Hearing. The Dean shall be notified whenever the appellant submits additional material and shall be entitled to peruse this material and make copies as desired. Copies of all of the materials submitted shall be provided by the Committee Chair to each member of

the Appeals Committee.

At least twenty-four hours before the Appeal Hearing, both the appellant and the Dean shall provide the Chair of the Appeals Committee with three copies of a written submission making their respective cases. A copy of the appellant's submission shall be supplied to the Dean and a copy of the Dean's submission shall be supplied to the appellant at the beginning of the Hearing.

**Appellant's Presentation**

The appellant shall be entitled to provide any evidence that he or she deems relevant and that was available to the Dean when the decision under appeal was made.

The appellant must show that the grounds cited in the notice of appeal are well-founded and that the decision or recommendation made by the Dean was contrary to the evidence presented or manifestly unfair to the appellant, making specific reference to the collective agreement and the criteria document.

The appellant may have a support person present at the Hearing. This support person may act as an advocate and present the case on behalf of the appellant and the Faculty Association. If the appellant presents his or her own case, the appellant's support person shall participate verbally in the hearing only with the approval of the Appeals Committee Chair.

**Dean's Presentation**

The Dean shall indicate the reasons for the decision under appeal, making specific reference to the collective agreement and the relevant criteria document. The Dean shall also outline the specific improvements that would in future result in a positive career-progress decision.

The Dean may have a support person present at the Hearing. The Dean's support person shall not participate verbally at the Hearing.

**18.8.6 Appeals Committee Report**

The Appeals Committee shall review the decision under appeal and report to the President.

The report of the Appeals Committee shall include a clear recommendation to uphold or deny the appeal. The recommendation shall be based on fair and uniform application of the terms and conditions of Articles 17 and 18 of the Collective Agreement. The report shall also state the reasons for the recommendation, making specific reference to the collective agreement and the criteria document.

The report shall be in writing, with a copy provided to the Faculty Association.

**18.8.7 Decision**

The President shall receive the report of the Appeals Committee and decide whether to accept or reject its recommendation. The decision shall be based solely on the documentary evidence collected in the performance review process and presented in oral or written form at the Appeal Hearing. In rendering a decision, the President shall not confer privately with, nor receive additional evidence or arguments from, the appellant or the Dean. If the Appeals Committee recommendation is rejected, the President shall give reasons for overturning the recommendation. The President shall convey all decisions (and reasons where appropriate) to the appellant in writing (with copies to the Dean and the Faculty Association), together with a copy of the report of the Appeals Committee.

**18.8.8 Taking a Career-Progress Decision to Arbitration**

Following the Appeal Process, the appellant and the Faculty Association may submit any decision of the President to arbitration. The arbitration process shall be the same as that outlined in 21.6, with two exceptions: the members of the Arbitration Board shall hold or have held academic rank with tenure; and the chair shall be selected by agreement between the College and the Faculty Association.

**18.9 APPEALS HEARING PROCEDURES AND PROTOCOL**

**18.9.1 Scheduling and Preliminary Activities**

The Chair of the Appeals Committee, shall provide the appellant with a written notice, with copies to the Dean and the Faculty Association, of the

date, time, and location of the Appeal Hearing. This communication shall draw to the appellant's attention the appropriate sections of the Collective Agreement pertaining to appeals (Articles 18.8 and 18.9).

For purposes of scheduling and preparing the Appeal Hearing, the appellant, the Dean, and the Faculty Association shall communicate through the Appeals Committee Chair, not directly with one another. The Committee Chair shall be responsible for scheduling the Appeal Hearing.

A pre-hearing meeting of the Appeals Committee shall be arranged by the Committee Chair and attended by representatives of the College and the Faculty Association. The purpose of this meeting is to discuss the Appeal Process and ensure that no member of the Committee is in conflict of interest.

#### **18.9.2 Recordings and Documentation**

An audio recording shall be made of each Appeal Hearing. The Appeals Committee Chair is responsible for arranging, making and storing the recording. If a decision that has been appealed subsequently goes to arbitration, the College or the Faculty Association may require a transcription of part or all of the recording. The party requesting the transcript shall pay the cost of its preparation; if both parties request a transcript, the cost shall be shared evenly.

After the Appeals Committee issues its report, the Committee Chair shall provide the President with copies of all the documentation presented at the Appeal Hearing.

After the hearing is concluded and a recommendation is made, the Appeals Committee shall return all documentation to the Committee Chair. Following the decision, the President shall return all documentation to the Committee Chair. After the deadline for filing for arbitration has passed, or after any arbitration is complete, the Committee Chair shall destroy all documentation, retaining only a single copy.

#### **18.9.3 Hearing Attendees**

- The Appeals Committee (including any support staff required for duties such as recording)
- The appellant or a person designated in writing by the appellant to represent the appellant in his or her absence
- The appellant's support person
- The Dean or equivalent
- The Dean's support person
- Two observers for the Faculty Association
- Two observers for the College

#### 18.9.4 **Hearing Protocol**

18.9.4.1 At the beginning of the Appeal Hearing all persons present shall introduce themselves and briefly explain the reason for their presence.

18.9.4.2 The Hearing is first addressed by the appellant or the appellant's advocate.

18.9.4.3 The Hearing is then addressed by the Dean or equivalent.

18.9.4.4 After the Dean or equivalent or the Dean's advocate has responded to the appellant's case, the appellant shall have the right of rebuttal. Rebuttal must be confined to the Dean's presentation; it cannot be used to introduce new material.

18.9.4.5 Next, members of the Appeals Committee may direct questions to the appellant, the appellant's support person, or the Dean or equivalent.

18.9.4.6 After the Appeals Committee has finished with its questions, the Dean or equivalent and then the appellant shall each be given an opportunity to make a brief closing statement.

18.9.4.7 At the end of the Hearing, the Appeals Committee Chair shall advise the appellant and the Dean or equivalent that the Appeals Committee shall report its recommendations to the President, as required by Article 18.8.6.

**18.9.5 Time Allotments**

Appeal Hearings shall last approximately ninety minutes, allocated as follows:

- Appellant's initial presentation – 20 minutes
- Dean's presentation and rebuttal – 20 minutes
- Appellant's rebuttal – 10 minutes
- Questions from the Committee – 20 minutes
- Dean's closing summary – 5 minutes
- Appellant's closing summary – 5 minutes

Following the Appeal Hearing, the Appeals Committee shall meet *in camera* for as long as required.

**18.9.6 Appeals Committee Report**

The Appeals Committee shall provide its report, in a timely manner, in accordance with the provisions of Article 18.8.6.

**18.10 Witnesses**

In the unusual case where the appellant and/or the Dean wishes to have witnesses present at the Appeal Hearing, the following provisions shall apply:

18.10.1 At least one week before the scheduled date of the hearing, any party wishing to have witnesses present at the appeals hearing shall submit to the Chair of the Appeals Committee the name(s) of any intended witness(es) who have agreed to attend, together with a summary of the testimony to be given by each of those witnesses. If the Committee Chair deems that a given witness will contribute testimony that is relevant and bears only upon information that was available to the Dean at the time the decision under appeal was made, the Committee Chair shall approve the witness and notify the other party of the witness' name.

18.10.2 Witnesses shall be called into the hearing one at a time. Once the testimony has been given, the other party and then the members of the Appeals Committee may ask questions of the witness. The witness shall then leave the hearing.

18.10.3 If witnesses are used, the Chair of the Appeals Committee may increase the time allotted for the initial presentations, with the proviso that the appellant and the Dean shall each have the same amount of time for their initial presentations.

## **ARTICLE 19 - RETIREMENT AND TERMINATION OF EMPLOYMENT**

### **19.1 Retirement**

The retirement provisions in this article are designed to allow academic staff members to retire at a time and a pace of their own choosing and facilitate the use of flexible and reduced workloads with adjusted salaries for academic staff members preparing for retirement.

For the purposes of the pension plan, the normal retirement date for academic staff members shall be assumed as June 30<sup>th</sup> following their 65<sup>th</sup> birthday.

Upon retirement, academic staff members who participated in the University of Regina's Academic and Administrative Pension Plan shall be entitled to retirement benefits, as governed by the terms of that plan.

#### **19.1.1 Retirement Options**

##### **19.1.1.1 Notice**

Academic staff members will give twelve months' notice in writing to the Dean of their intended date of retirement. The last day of employment for academic staff members will fall on April 30<sup>th</sup>, June 30<sup>th</sup> or December 31<sup>st</sup>.

##### **19.1.1.2 Early Retirement**

Early retirement is considered to be retirement before the normal retirement date as set out in the pension plan where the member has either attained age 55 or completed 30 years of service or where the member's age plus years of service equals at least 80.

##### **19.1.1.3 Retiring Allowance**

A tenured academic staff member eligible for early retirement with at least fifteen (15) years of service who does not receive any other special arrangements or payment from the College is eligible for a lump-sum retiring allowance upon retirement. The amount of this retiring allowance is two (2) per cent of salary at the effective date of retirement multiplied by the number of years of continuous service to a maximum of fifty (50) per cent of the member's actual salary.

#### 19.1.1.4 **Gradual Retirement**

Tenured full-time academic staff members may request a gradual reduction in academic workload with proportional reductions in salary. The earliest that an academic staff member may request a gradual retirement is within two years of eligibility for early retirement.

Academic staff members applying for gradual retirement shall sign a formal agreement to retire fully at the end of the period of gradual retirement (a maximum of two years).

Gradual retirement arrangements should be as flexible as possible while meeting the needs of the academic unit concerned. These arrangements must be discussed with and approved in writing, with a copy to the Faculty Association, by the Dean. Normal academic workload will be reduced by no more than 50% FTE.

Academic staff members shall make pension contributions during gradual retirement that are based on the partial salary received. However, the College shall make both its pension contributions based on the member's full salary together with the difference between the member's actual contributions described above and the contribution that would be required by the member's full salary; or compensate the employee with salary if the College is prohibited from making such payments due to limitations under the Income Tax Act of Canada as a result of periods of leave. Beyond the normal retirement date, continuation of pension contributions is subject to the terms of the Academic and Administrative Pension Plan and limitations contained in the Income Tax Act of Canada.

The contributions and coverage for other benefit plans shall be based on the terms and conditions of the plans themselves and the academic staff member's actual salary.

Academic staff members placed on salary continuance during a period of Gradual Retirement will be eligible for benefits based

on their applicable reduced salary. Should salary continuance extend beyond the agreed upon retirement date, the date will be extended until the academic staff member is able to return to work or reaches the normal retirement date, whichever is earlier.

19.1.2 An academic staff member who chooses to work beyond age sixty-five shall cease contributions to the University of Regina's Academic and Administrative Pension Plan and commence receiving pension benefits at the earlier of (a) the date of the member's actual retirement or (b) the latest date permitted under the Income Tax Act. Salary continuance coverage ceases upon the attainment of the normal retirement date.

19.1.3 **Special Arrangements**

The College may offer an early-retirement package or a special arrangement (including a suitable financial settlement) to an individual academic staff member or to a group of members. A member may ask the College to initiate such an offer. Any offers shall be without prejudice.

19.2 **Resignation**

An academic staff member who resigns shall give notice in writing to the Dean, and employment shall normally terminate, as follows:

**Faculty:** Four months notice, with the resignation to take effect June 30th;

**Librarians:** Two months notice, with the resignation to take effect at the end of a month;

**Laboratory Instructors:** Two months notice, with the resignation to take effect at the end of a semester;

**Instructors:** Two months notice, with the resignation to take effect at the end of a semester.

The above requirements may be waived by mutual agreement between the academic staff member and the Dean.

19.3 **Dismissal for Cause**

The following procedures shall apply in all cases of dismissal for cause:

- 19.3.1 The employment of an academic staff member may be terminated by reason of professional misconduct, wilful neglect of duties, or incompetence as demonstrated by annual review reports.
- 19.3.2 Except in the case of professional misconduct, due warning in writing shall be given by the Dean to the academic staff member pointing out the gravity of the situation and the possibility of termination if the problem is not corrected. In cases where no action is taken subsequent to the written warning and where no further warnings have been issued during three years, the Dean shall, upon request of the member, add a written note to the member's official file reflecting the member's current status in relation to the original letter of warning. Any written warning or response pertaining to this clause which is more than three years old, providing there have been no intervening written warnings of any kind, shall be removed from the official file. Notwithstanding the above, upon request by a member to the Dean, such material may be removed before the three-year period expires.
- 19.3.3 When it is to be recommended that an academic staff member be dismissed for cause, the member personally shall be given notice in writing, that seven days from the date of the notice, the Dean shall formally recommend to the President that the member be dismissed. In the event that it is not possible to personally present the member with the notice, the Dean shall forward the notice by registered mail, airmail if appropriate, to the last known address of the member. Such mailed notice shall provide for a period of fourteen calendar days from the date the notice is sent until the formal recommendation to the President. The notice to the member shall contain a complete statement of the grounds for the recommendation to dismiss. A copy of the notice shall be sent to the Faculty Association.

When it is unlikely that the academic staff member will receive the mailed notice within fourteen days, the Faculty Association may request an extension of seven days to the notice period. From the date the notice is given, the member may be relieved of all duties by the Dean.

- 19.3.4 If the academic staff member or the Faculty Association requests it, the

President shall convene a meeting during the notice period specified in 19.3.3 attended by the member (if available), the Dean, the department head (if applicable) and a representative of the Faculty Association to hear whatever representation any of the parties wishes to make concerning the intended dismissal. The meeting shall be without prejudice to the interest of any person attending, or to the formal grievance process.

19.3.5 At the end of the notice period, the Dean shall either:

(a) inform the academic staff member in writing with a copy to the Faculty Association that the action is discontinued

OR

(b) formally recommend in writing to the President, with a copy to the academic staff member and to the Faculty Association, that the member be dismissed.

19.3.6 Upon receipt of a formal recommendation from the Dean to dismiss an academic staff member, the President shall, within seven calendar days of the date of the recommendation, inform the member in writing, with a copy to the Faculty Association, either that the action is discontinued or that the dismissal action is proceeding.

19.3.7 In the case of dismissal for reasons other than professional misconduct and unauthorized absence from campus, from the date of the President's letter the academic staff member is suspended with pay for twenty-one days. In cases of dismissal for professional misconduct or unauthorized absence from campus, the member may be suspended without pay for twenty-one days from the date of the President's letter. At any time during a suspension the member may be relieved of all duties.

If the academic staff member or the Faculty Association does not enter a grievance within the twenty-one day period, the member's employment is terminated at the end of the period. If a grievance is entered, the member remains suspended (continuing with pay or without pay as the case may be) until the resolution of the grievance. If the grievance is not upheld the member's employment is terminated. As provided in Article 22.2, while

on suspension the member's non-salary benefits are not to be withheld. If the member is suspended with pay, the member is responsible for the normal share of benefit costs. If the suspension is without pay the College shall assume payment of all costs, but if salary is subsequently restored the member shall be charged the normal share of costs from the effective date of salary restoration.

- 19.3.8 All correspondence to the academic staff member required by this clause shall be delivered directly to the member where convenient, and in other cases forwarded by registered mail, airmail if appropriate, to the last known address of the member. The copies for the Faculty Association shall be delivered to the Chair or, in the Chair's absence, to an officer of the Faculty Association.
- 19.3.9 Failure to act within the time limits sets out above shall constitute waiver of rights except where a party, acting in good faith, clearly was unable to do so. The onus is on the party violating the time limits to show cause why it was unable to act prior to the time that the action is now taken.
- 19.4 Discontinuance of employment or lay off may be effected only in accordance with the provisions of Articles 19 and 25.

**ARTICLE 20 - CLEARANCE UPON TERMINATION**

- 20.1 Upon termination of employment the final salary cheque shall be issued within six days of the last day on payroll, or as soon thereafter as all financial and material obligations of the academic staff member to the College are satisfied. Such obligations may include but are not limited to return of keys, identification cards, library books, audio-visual and other equipment, reimbursement for travel advances, and goods and services.

## **ARTICLE 21 - GRIEVANCES**

### **21.1 Grievance Defined**

Should any dispute or difference arise between the College and the Faculty Association or any of its members concerning the meaning, interpretation, application, or alleged violation of the terms of this agreement the difference shall be settled promptly in accordance with the procedure outlined below.

Notwithstanding the above, any procedure prescribed in this agreement which contains a specific appeal process binding on both parties shall not be subject to the grievance procedure.

### **21.2 Informal Discussion**

Before a grievance is filed by either party, every attempt shall be made to settle the dispute by informal discussion. An academic staff member may present a verbal complaint to the head of the academic unit or to the Dean as soon as the grounds for the complaint are known. Alternatively, the Faculty Association and members of the College Administration may meet to discuss the dispute.

### **21.3 Grievance Mediation**

Grievance mediation is a process by which the parties, with the assistance of an agreed-upon mediator, work towards the resolution of a dispute arising from the interpretation, application, administration or alleged contravention of the collective agreement.

21.3.1 The parties may agree to submit the matter to mediation, either prior to Stage One of the grievance process or prior to arbitration, in order to resolve a disagreement.

21.3.2 The Grievance Mediation process is without prejudice to either party.

21.3.3 Proceedings before the Mediator shall be informal. Accordingly, no record of the proceedings shall be made and legal counsel shall not be used by either party.

21.3.4 The Mediator shall have the authority to meet separately with any person or persons, but shall not have the authority to compel the resolution of a dispute.

- 21.3.5 The Mediator shall provide the parties with an advisory opinion and the grounds for that opinion.
- 21.3.6 If the dispute is resolved, the settlement shall be “Without Prejudice”.
- 21.3.7 If the dispute is not resolved following this process, either party is free to submit a formal written grievance to the other party, or to proceed to Arbitration. Nothing said or done by the Mediator may be referred to during any further proceedings.
- 21.3.8 The Faculty Association and the College shall share the cost of the Mediator if any.

21.4 **Stage One**

If the dispute or difference cannot be settled informally, either party may, within thirty calendar days of the incident, or if grievance mediation has been used, within 30 days of the date the advisory opinion is furnished, present a formal written grievance to the other party. In unusual circumstances, where the grievor could not reasonably have been expected to have learned of the incident, these time requirements shall be waived.

A grievance by the Faculty Association shall be forwarded to the Dean. A grievance by the College shall be forwarded to the Chair of the Faculty Association. The grievance shall:

- 21.4.1 specify which section of the contract has allegedly been violated;
- 21.4.2 specify what remedy or remedies the grievor believes to be sufficient to correct the alleged violation;
- 21.4.3 be signed by the employee(s) affected and a duly authorized officer of the Faculty Association on the one hand; or by the President on the other hand.

On behalf of the College, the Dean shall (at Stage One) respond in writing to the grievance within fourteen calendar days of receipt of the written grievance. In the meantime, the Faculty Association or the Dean may require a meeting between the

Dean and the Grievance Committee of the Faculty Association. Either party may require the aggrieved person(s) to be present at such a meeting.

On behalf of the Faculty Association a duly authorized officer of the Faculty Association shall similarly respond in writing within fourteen calendar days to a grievance submitted by the College.

21.5 **Stage Two**

If the Dean does not render a written response within the time limit, or if the response is unsatisfactory, the Faculty Association may, within fourteen days of the expiration of the time limit for response to Stage One, submit the grievance to the President. The President shall be responsible for seeing that a response in writing is submitted to the Faculty Association within fourteen calendar days of receipt of the grievance.

In the meantime, the Faculty Association or the President, on behalf of the College, may require a meeting between the Grievance Committee and the appropriate College officers.

21.6 **Arbitration**

In the event that any grievance has not been settled through the procedure outlined above, the College or the Faculty Association may, within fourteen days, submit the grievance to an arbitration board (the College after Stage One, and the Faculty Association after Stage Two).

The Arbitration Board shall consist of three members: one named by the College and one named by the Faculty Association. Each of the parties to this agreement shall have their respective board member selected and made known to each other within twenty-one working days of notice being given by either party for the establishment of the Board. The College and the Faculty Association shall agree on a third member of the Panel to act as Chair of the Board. Every effort shall be made to ensure that a Chair is selected who has reasonable knowledge of academic affairs. In the event of failure to agree on a Chair within the time prescribed, the College and the Faculty Association shall ask the Minister of Labour for the Province of Saskatchewan to name a Chair. The letter to the Minister shall point out the importance of having a Chair who has reasonable knowledge of academic affairs.

The Board having been formed by the above procedure, shall meet, hear the evidence of both parties, and render a written decision. The decision of the majority of the Board on the matter at issue shall be final and binding on both parties, but the Board shall not be empowered to add to, subtract from, alter or amend the collective agreement in any way.

The Board of Arbitration may hear a grievance with a technical deficiency if in its opinion the technical objection has been made solely to avoid dealing with a substantive issue. Technical deficiencies relating to time may be waived by the Board if such deficiencies occur as a result of actions or omissions arising in good faith.

The fees and expenses of the Chair shall be shared equally between the parties. Each party shall be responsible for its costs, including fees and expenses of its witnesses and nominee on the Board.

21.7 **General**

21.7.1 Academic staff members shall be represented by the Faculty Association at all steps in the dispute resolution process outlined in this article.

21.7.2 At any point during these proceedings the parties may have the assistance of any witness of any other person concerned.

21.7.3 The time limits imposed by the foregoing provisions may be waived by mutual agreement between the Faculty Association and the College.

21.7.4 The College shall provide appropriate space for the hearing of grievances and arbitration cases.

## **ARTICLE 22 - SUSPENSION AND OTHER DISCIPLINARY PRACTICES**

- 22.1 The College shall take disciplinary action as the situation warrants. This shall involve, but not be restricted to, verbal warnings, verbal reprimands, written warnings, written reprimands, partial or full suspension of duties, and dismissal. Any disciplinary action undertaken by the College is subject to the grievance procedures as outlined in Article 21 and, in the case of dismissal for cause, the procedures outlined in Article 19.3.
- 22.2 Normally the College shall not suspend or dismiss a member of the academic staff apart from the provisions under Article 19.3 Dismissal for Cause. The President may, in the case of misconduct by an academic staff member, and upon the recommendation of the Dean, suspend a member for a period not to exceed thirty calendar days; or dismiss a member. The dismissal procedures to be followed in such cases shall be those provided for in Article 19.3. The President shall in these situations notify the member in writing stating the reason for, duration and conditions of the suspension, and in the case of dismissal provide a complete statement of the grounds for the action.

While on suspension the academic staff member's benefits with the possible exception of salary are not to be withheld.

## ARTICLE 23 - BENEFIT PROVISIONS

### 23.1 Education Leave

- 23.1.1 Academic staff members with the exception of those holding sessional appointments may be granted a leave of absence without pay for the purpose of pursuing academic studies.

If a member returns to the College for a period of time less than the length of the leave, the reimbursement shall be prorated accordingly.
- 23.1.6 **Cancellation:** An education leave may be cancelled by the applicant up to five months prior to the commencement of the leave.
- 23.1.7 Any of the above specifications may be waived by mutual agreement between the Dean, the academic staff member, and the Faculty Association.

### 23.2.1 **Entitlement**

23.2.1.1 Academic staff members shall earn vacation credits on the following basis:

After completion of five years continuous service: 2 1/2 days per month (six weeks vacation after six years).

23.2.1.2 Academic staff members who are employed on a part-time or reduced basis shall be entitled to earn prorated vacation.

### 23.2.2 **Use of Vacation**

Except under unusual circumstances, members shall not be permitted to use vacation during a period of time when they are engaged in the instructional process, including the supervision and grading of exams. Notwithstanding the aforementioned provision, a member may use the maximum

entitlement at any one time.

23.2.2.2 Upon written request to the Dean, an academic staff member may carry over unused vacation entitlement earned in one academic year to the next academic year, provided it will not interfere with the operation of the unit. All carried over vacation must then be used in the year into which it is carried over.

23.2.2.3 Academic staff members must use vacation (four, five or six weeks, or pro-rata) yearly according to the provisions of this clause, and no arrangements may be made for payment in lieu, during the course of employment. With confirmation of the Dean, where all vacation credits were not used in advance of termination, the balance will be paid to the academic staff member. The maximum amount of payout shall be limited to the current year's entitlement.

### 23.3 **Statutory and Non-Statutory Holidays**

23.4.2 An academic staff member who is not eligible for the salary continuance plan shall be granted ten working days' sick leave with pay per year, to be prorated for shorter terms and non-full-time employment. This sick leave may not be carried forward from one academic year to another.

23.4.3 It is understood that when an academic staff member is absent on account of illness for short periods of time (five consecutive working days or less) the member's colleagues shall be expected to carry out essential duties on the member's behalf.

In any Extended Health Plan adopted by the College in future the College shall make every effort to retain a provision of the current plan, namely for retiring members to convert to an individual extended health plan without having to undergo a medical examination.

**23.5.5 Comprehensive Health and Fitness Assessment**

All academic staff members who qualify for benefits in accordance with Article 23.5.1.1 and 23.5.1.2 shall be entitled to an annual assessment at the Dr. Paul Schwann Applied Health and Research Centre. The College shall pay the cost of the yearly assessment.

The HCSA will allow members to supplement their benefit programs on any item or service allowed as a medical expense.

**23.5.7 Academic and Administrative Pension Plans**

23.5.7.1 For all academic staff members who are eligible to join the plan, enrolment is compulsory.

Notwithstanding the above, academic staff members with term appointments may elect not to join the plan providing the College and the Faculty Association agree. This shall be an option only under extraordinary circumstances (as for instance when the member already belongs to the pension plan of another employer) and only with the express, written agreement of both the Faculty Association and the College.

**23.5.7.2 Payment of Contributions**

The College and eligible academic staff members of the plan shall each contribute one-half of the contributions to the Academic and Administrative Pension Plan.

23.8 **Education Benefits**

Notwithstanding the provisions of Article 5, academic staff members who qualify for benefits in accordance with Article 23.5.1.1, may take a credit class, or non-credit language class offered by the University, provided they are not enrolled as full-time students at the University of Regina, and provided it does not interfere with performance of duties. With the prior agreement of the Dean the tuition shall be refunded upon successful completion. Tuition for only one class per semester shall be reimbursed. The member and the Dean may discuss ways in which duties may be reassigned to make it possible for the member to take the class.

23.8.1 The parties agree that the College will waive tuition fees for those dependent children of Campion faculty who are registered as full-time students at the College.

23.9 The University of Regina has undertaken to establish a committee to study and make recommendations concerning means of improving child care access for the children of academic staff members and ways of securing dedicated spaces in day care facilities either on or near the University of Regina. The College agrees to study the findings of this committee and adopt its recommendations, if they are agreeable.

The member shall remit to the College all compensation received from the court, other than amounts received for travelling or living expenses.

24.2 **Personal Leave**

An academic staff member may be granted leave of absence with pay by the Dean for up to five working days for personal circumstances such as birth or adoption in the family, grave illness or bereavement in the family, or to attend to urgent personal matters which cannot otherwise be accomplished. In an emergency, an application may be made by telephone (to be confirmed in writing) to the Dean where the particular circumstances warrant it. Leaves for longer periods, with or without pay, may be granted by the Dean.

24.3 **Leave Upon the Birth or Adoption of a Child**

24.3.1 An academic staff member holding a tenure-track, tenured, or term appointment shall be granted maternity, adoption/parental leave for a period of up to eighteen months by the Dean after having worked twenty weeks out of the previous fifty-two weeks.

24.3.2.2 **Maternity Leave**

An academic staff member shall be entitled to leave for a maximum of fifteen weeks.

**24.3.2.3 Adoption/Parental Leave**

On the occasion of the birth or adoption of a child, an academic staff member shall be entitled to leave for a maximum of thirty-five weeks.

While the academic staff member is in receipt of SEB, all benefit coverage shall remain in effect and normal employer/employee deductions shall apply.

**24.3.2.5 Additional Leave**

An academic staff member shall be granted additional leave, without pay, for the balance of the eighteen month period. Benefit coverage for this leave time shall be as per Article 24.7.

24.3.3 The academic staff member shall give the College at least four (4) weeks' written notice of the date the leave is to begin. The notice period may be waived by mutual agreement between the member and the College.

24.3.4 Upon return to work, an academic staff member who has taken leave under this Article shall resume the member's former position with full salary and benefits as provided under this collective agreement.

Nothing in this Article shall prevent an academic staff member from claiming sick leave.

**24.4 Compassionate Care Leave**

Academic staff members may apply to the Dean for compassionate care leave of up to six weeks with or without pay. The application shall be in writing and shall state why the member is requesting leave. If a family member faces a significant risk of death during the period for which leave is being requested, leave shall not be refused unreasonably. Leaves for longer periods may be granted by the Dean during

which the member may be eligible for additional Employment Insurance Compassionate Care Benefits from Human Resources and Skills Development Canada.

24.5 **Leave to Seek Nomination and Election to Political Office**

24.5.1 Upon written request to the Dean, the College shall grant to an academic staff member, leave of absence without pay to seek nomination as a candidate, to be a candidate, and to hold elected political office in municipal, provincial, or federal government.

24.5.2 The academic staff member shall inform the Dean when deciding to seek candidacy, and shall make every attempt to give the longest possible notice and shall actively cooperate in arrangements for the uninterrupted continuation of the work of the academic unit.

24.5.3 The leave may be partial or complete depending upon the requirements of the academic staff member's responsibilities. The leave shall be for a specific term and may be renewed.

24.5.4 At the expiration of the leave the academic staff member may return to employment with the College and shall be granted rights and privileges associated with employment with the College, with service counting up to the date the leave commenced. In the case of partial leave service time shall be prorated.

24.6 **General Leave of Absence Without Pay**

24.6.1 An academic staff member may be granted leave of absence without pay for good and sufficient reason. Such leaves shall not be withheld unreasonably.

24.6.2 **Application:** An application in writing shall normally be submitted to the Dean at least six months in advance of the semester in which the leave shall commence, stating the purpose of the leave. For leaves of short duration, those outside of the fall and winter semester periods, or in the

case of emergencies, these time requirements may be waived but in any case the application should be made as early as possible.

24.6.3 **Duration:** Leaves may be granted for any period of time up to one year. Leaves shall normally be granted at times and for periods which will not disrupt a semester's activities. An application may be made to extend a leave for one further year at a time by following the procedures in 24.6.2.

24.6.4 Any of the above specifications may be waived by mutual agreement between the Dean, the academic staff member, and the Faculty Association.

#### 24.7 **Employee Benefits During Leave of Absence Without Pay**

24.7.1 If the leave is for 31 days or less, employee benefits coverage and payments by employee and employer remain the same.

24.7.2 If the leave is for more than 31 days:

**Pension Plan** - Service credit may continue to be accumulated by the academic staff member making prior arrangements in accordance with the terms of the plan.

**Salary Continuance Plan** – The academic staff member may continue coverage by prepaying the appropriate premium in accordance with the provisions of the plan.

**Group Insurance** - The College shall maintain the basic coverage on any academic staff member on leave. The member may arrange to continue optional coverage by prepaying the appropriate premiums. (Failure to continue optional coverage may require a medical examination as a condition of reinstating coverage.)

**Extended Health, Dental and Optical Plan:** The academic staff member may continue coverage by prepaying the appropriate premium in accordance with the provisions of the plan.

#### 24.8 **General**

Time spent on maternity leave, adoption/parental leave or on jury and witness duty shall count as service with the College when determining salary adjustments (including career-growth increments), retiring allowances and eligibility for sabbaticals.

Time spent on other leaves as specified in this Article does not normally count as service with the College for salary adjustments, waiting period for sabbatical leave eligibility, or any other career consideration, unless it has been stated otherwise in writing at the time the leave is granted.

Prior to the granting of any leave, at the request of the academic staff member, the College shall clarify and state in writing the effect on career considerations (such as salary adjustments, eligibility for leaves, etc.).

**ARTICLE 25 - FINANCIAL EXIGENCY**

- 25.1 The parties agree that the process of long-range planning should obviate the possibility of a financial exigency occurring. However, the parties further agree that in the unlikely event of a financial exigency, in view of the ramifications to the careers of academic staff members, an orderly and equitable way of dealing with the situation is essential.
- 25.2 As soon as the College perceives that a financial exigency exists, it shall convey this information to the Faculty Association in writing, indicating the nature of the problem, its probable magnitude and impact on the careers of members of the academic staff.
- 25.3 25.3.1 The Faculty Association, through its Campion College representatives, shall be fully consulted by the College officers concerned and shall be provided with detailed financial and budgetary information and such long-range projections as can be based on that information.

The parties agree that the following steps shall be taken before there is any reduction in the number of academic staff members;

- 25.3.1.1 reduce non-academic expenditure equitably to the extent feasible;
- 25.3.1.2 reduce academic non-salary expenditure to the extent feasible;
- 25.3.1.3 make no further term appointments for the year in which the financial problem is predicted, except to meet critical program needs which cannot otherwise be met;
- 25.3.1.4 offer early retirement to appropriate academic staff members, under the terms of the pension plan;
- 25.3.1.5 as required, assign academic staff members partly or wholly to vacancies in other areas of the College within their academic competence with no reduction in rank or status;
- 25.3.1.6 make no further appointments unless a position cannot be filled by an inside transfer and is necessary to maintain the proposed

level of operation;

25.3.1.7 undertake other similar measures where possible.

25.3.2 When the parties have agreed which of the above steps shall be undertaken, they shall attempt to jointly determine whether a financial exigency continues to exist, its total amount, and the proportion of that amount which is to be borne by reduction in the number of academic staff members.

25.3.3 If the College, and the Faculty Association agree that there is no exigency, the College shall proceed with the jointly planned procedures, and the matter of exigency ends.

25.3.4 If the Faculty Association and the College agree that an exigency exists and further agree on the portion to be borne by reduction in the number of academic staff members, the College shall proceed with consequent notices to the members concerned, according to the procedures specified in Article 25.8.

25.4 If there is a disagreement between the Faculty Association and the College, and if the Faculty Association requests it, an Exigency Review Committee shall be established. One member shall be named by the Chair of the Faculty Association and one member shall be named by the President of the College and they shall jointly select a chair. If the President and the Chair cannot agree upon a chair, one of the two shall be selected by lot who shall have the right to name the chair. The purpose of the committee is to make a recommendation to the President concerning Article 25.6.

25.5 The report of the Exigency Review Committee shall be submitted to the President within seventy-five calendar days of the date of the President's letter to the Faculty Association informing it of the financial exigency.

25.6 Following the review of the report of the expiration of the time limit (referred to in Article 25.5), the President shall forward to the Chair of the Faculty Association a written statement setting forth:

25.6.1 whether a financial exigency exists;

- 25.6.2 the total deficiency expressed in monetary terms;
- 25.6.3 the portion, expressed in monetary terms, which is to be borne by reduction in the number of academic staff members.

25.7 **Seniority**

Seniority shall be established by the date upon which continuous employment commenced in a rank specified in Article 13 or the rank formerly known as Instructor. Seniority is not affected by leave taken in accordance with the provisions of this agreement.

25.8 **Discontinuance of Employment**

Within the academic unit, the following groups shall be discontinued in order:

25.8.1 academic staff members on term appointments (where appointments extend beyond the length of the notice period) shall have their employment discontinued in reverse order of seniority;

25.8.2 academic staff members on probation shall have their employment discontinued in reverse order of seniority;

25.8.3 academic staff members who hold appointments with tenure shall have their employment discontinued in reverse order of seniority;

25.8.4 within a group in a faculty or similar unit, if two or more academic staff members have equal seniority, the order of seniority between them shall be determined by lot.

25.9 The proportional deficiency expressed in Article 25.6.3 shall then be reduced by discontinuing the employment of members of the academic staff on a bargaining unit-wide basis (within the groups listed in 25.8.1, 25.8.2, and 25.8.3) in reverse order of seniority until the deficiency has been eliminated.

25.10 **Notice**

25.10.1 An academic staff member on a term appointment shall be given three months' notice in writing (notwithstanding this clause, term employment

ceases on the date stated in the letter of appointment).

25.10.2 An academic staff member holding a tenure-track appointment with fewer than three years of service shall be given six months' notice in writing.

25.10.3 An academic staff member holding a tenure-track appointment with three or four years of service shall be given twelve months' notice in writing.

25.10.4 An academic staff member with tenure status shall be given eighteen months' notice in writing.

25.11 **Discontinuance Benefits**

25.11.1 An academic staff member on a term appointment whose employment is discontinued under the terms of this article shall be entitled to one month's pay for every completed year of service at the time of discontinuance, with part years prorated.

25.11.2 A probationary academic staff member whose employment is discontinued under the terms of this article shall be entitled to one month's pay for every year or partial year of service at the time of discontinuance.

25.11.3 An academic staff member with tenure whose employment is terminated under the terms of this article shall be entitled to discontinuance benefits according to the following formula:

For up to two completed years of service at time of discontinuance: six months' pay.

For more than two completed years of service at the time of discontinuance: six months' pay, plus one-half months' pay for each further year or partial year of service. The maximum total discontinuance payment shall be twenty-four months' salary.

25.12 **Recall**

An academic staff member whose employment is discontinued under the terms of this Article, shall be subject to recall for a period of three years. Notwithstanding this, term employees' recall rights do not extend beyond the terminal date expressed

in their letter of appointment.

25.12.1 Academic staff members, according to the provisions of Article 25.13, may be recalled because of two conditions:

25.12.1.1 a general increase in the budget of the College which enables it to commence rebuilding towards the level which existed at the time of the exigency; (Recall under this circumstances is referred to as General Recall.)

25.12.1.2 an unforeseen opening for an academic staff member occurring through the resignation, retirement, death, leave or secondment of a member, or through the receipt of a funding from a source other than the provincial grant. (This is referred to as Special Recall.)

25.12.2 **General Recall**

Academic staff members shall be recalled in order of seniority.

25.12.3 **Special Recall**

When an opening occurs in the bargaining unit, the Faculty Association shall be informed and then the position shall be offered to members of the bargaining unit, in order of seniority, who are reasonably qualified to fill the position.

25.12.4 In the event that there is no one on the recall list who is reasonably qualified or if no one accepts a recall, and if the Faculty Association agrees that the recall provision has been exercised properly, the College may proceed to fill the vacancy through normal recruiting and appointment procedures.

25.13 **Notice and Acceptance of Recall**

25.13.1 An academic staff member being offered recall shall be notified in writing, by letter forwarded to the member's last known address, with a copy to the Faculty Association. The academics staff member shall have one month in which to respond to the recall offer.

25.13.2 If the academic staff member fails to respond to a recall, or refuses a recall

which is not specified as temporary, the member's name shall be removed from the recall list.

25.13.3 If an academic staff member is offered a temporary recall (e.g. as a leave replacement) it may be refused by the member without prejudicing recall rights.

25.13.4 When an academic staff member accepts a recall which is not temporary, the member shall be given a period of six months from the date of the notice of recall to take up the duties.

25.14 **Order of Recall**

Order of recall depends upon seniority as defined in Article 25.7. However, if it is necessary to choose between two or more academic staff members with equal seniority, it shall be done by lot, at the time of the recall opportunity.

25.15 **Repayment of Benefits Upon Recall**

When accepting a recall, an academic staff member shall be required to repay to the College any discontinuance payments received over and above what would have been earned during the period employment was discontinued. When a member accepts a temporary recall, the repayment shall be prorated accordingly.

25.16 While subject to recall, academic staff members may use the Library and such other College facilities as may be made available from time to time. In addition, an member may elect to continue coverage in the pension and benefit plans at the member's expense and in accordance with the provisions of the plan.

## **ARTICLE 26 - AMENDMENTS TO THE UNIVERSITY OF REGINA ACT**

- 26.1 The parties to this Agreement agree that when one party receives a formal request or proposal by the Provincial Government concerning an amendment to The University of Regina Act, that party shall immediately inform the other party of the substance of the request or proposal.
- 26.2 The parties to this Agreement agree that if one of them proposes to submit a request to the Provincial Government concerning an amendment to The University of Regina Act, it shall provide the other party with 30 days' notice of its intention and the substance of the proposed request.
- 26.3 The parties to this Agreement agree that each shall forward to the other party a copy of any formal proposal or response that it submits to the Provincial Government concerning an amendment to The University of Regina Act, within seven days of making the submission.

## **ARTICLE 27 - STRIKES AND LOCKOUTS**

- 27.1 The Faculty Association agrees that it shall not engage in or participate in any slow-down, strike or picketing during the currency of this agreement. The College agrees that it shall not lock out any academic staff members during the currency of this agreement.
- 27.2 Any academic staff member who refuses to cross a picket line established by another certified bargaining agent in consequence of a strike shall not be in breach of this Agreement, and shall not be subject to disciplinary action nor loss of pay providing the member performs his or her normal duties.
- 27.3 In the event of a lockout or strike involving other bargaining units at the College, academic staff members shall not be required to perform the work of striking employees.
- 27.4 During a strike or a lockout, academic staff members will normally not be declared essential. Exceptions are to be negotiated by the Faculty Association, the member, and the College, recognizing that appropriate legislation will apply.

## **ARTICLE 28 - DURATION AND CONTINUANCE OF THE AGREEMENT**

- 28.1 This Collective Agreement shall be binding and remain in effect from July 1, 2008 to June 30, 2011.
- 28.2 Unless specifically provided otherwise, this agreement shall continue in force beyond the date noted above, including during any period of negotiation until a new collective agreement is ratified, except that the "no strike, no lockout" clause is not in effect after June 30, 2011.
- 28.3 This Collective Agreement may be reopened at any time by mutual agreement. Any time during 180 days prior to the expiration of the Collective Agreement either party may require the Collective Agreement to be reopened for negotiation by forwarding notice in writing to the other party.
- 28.4 In the event a new agreement has not been signed within six months after the commencement of bargaining, either party may apply for mediation/conciliation on any outstanding issues.
- 28.5 The parties to this agreement may occasionally make limited modifications to the details of this agreement. Both parties must agree to the modification and specify their agreement by signing a Memorandum of Agreement.
- 28.6 The cost of preparing each new edition of the Collective Agreement (or relevant Appendices as the case may be) will be alternated between the parties. The Faculty Association will pay for the 2008-2011 Agreement.
- 28.7 All changes related to monetary compensation shall be made retroactive to July 1, 2008, for all academic staff members employed during the period of this Agreement. Unless expressly provided for in the Collective Agreement, all other changes to the terms and conditions of this Collective Agreement shall not be retroactive and shall come into effect only when the new collective agreement is signed by both parties.

## **ARTICLE 29 – INTELLECTUAL PROPERTY**

### **29.1 Definition and General Principles**

29.1.1 Intellectual property (IP) means any result of conceptual or artistic activity that is created by an academic staff member and can be owned by a person. This includes all works that can be protected under copyright, patent, trademark, or other equivalent legislation.

29.1.2 It is recognized that a major purpose of a university and colleges with which it is federated or affiliated is to promote the advancement and dissemination of knowledge. Champion College (the College) endorses and encourages the lively engagement of academic staff members in research, scholarship, and professional activities, and shall assist and enhance members' capabilities to pursue these aims, insofar as it is reasonable to do so.

As an academic community, the College values scholarly activity, including the creation and sharing of ideas. Ideas are to be shared as widely as possible and do not constitute IP. The tangible, material, or electronic form that ideas take may give rise to issues of ownership. It is to these issues of ownership that Article 29 is addressed.

29.1.3 The College encourages academic staff members to make their IP freely accessible to the academic community and to the general public. The College and the Faculty Association recognize that in specific circumstances it may be in the public interest to limit access.

29.1.4 No academic staff member shall be required to engage in any research activity the findings of which are prohibited from being published or fully disclosed to the public. The term "full disclosure" shall be subject to the limitations imposed by the University of Regina's Research Ethics Board.

29.1.5 In the absence of a written agreement to the contrary, academic staff members are the owners of all intellectual property, and all rights (including copyright, patents, trademarks, and other equivalent rights) to intellectual property, that they create in the course of their employment at the College. Except as provided for by Article 30, IP shall not be used or

distributed by the College without the express written consent of the members who own it.

29.1.6 Academic staff members shall have the exclusive authority to decide whether to pursue commercialization of their IP.

29.1.7 Notwithstanding Article 29.1.5, the College shall have certain prerogatives (namely those specified in Article 29.1.8) over the IP of academic staff members when all of the following conditions are met:

- the IP was created by members in the course of carrying out their duties to the College (as defined in Article 16);
- the IP was created by members using facilities or equipment that were deemed specialized as specified in Article 29.1.7.1, at the time the work began, and that were provided by the College (directly or obtained through external funding) without personal cost to the members;
- members intend to pursue commercialization of the IP in question.

29.1.7.1 The College shall establish written, public criteria for determining the facilities and equipment available that shall be deemed “specialized”. When establishing or revising these criteria, the Dean shall consult in committee with the academic staff members of the College.

29.1.7.2 The terms “specialized facilities” and “specialized equipment” shall not be construed to include the standard academic resources with which by custom all members are provided.

29.1.7.3 Payment of salary to members shall not in itself confer upon the College any ownership rights over the IP developed by members.

29.1.8 When all of the conditions specified in 29.1.7 have been met, the College shall have the following prerogatives:

- to co-manage the commercialization process;

- if it chooses to co-manage the commercialization process, to claim up to 50% of the profits resulting from commercialization;
- to make an offer to the academic staff member for acquiring partial or full ownership of the IP being commercialized.

29.1.8.1 If the College enters into a co-management agreement with an academic staff member, the member shall be reimbursed for personal expenses incurred in creating and commercializing the IP before the College became a co-manager.

29.1.9 In cases not covered by 29.1.7 and 29.1.8, an academic staff member who owns IP may elect to transfer ownership or use of the IP to the College. The transfer agreement shall be in writing and signed by the member and the College. Where the College commercializes the IP, the member shall be entitled to a share of any profits resulting from the commercialization. Agreements shall be in accordance with the provisions of the Collective Agreement and the IP Policy of the College.

29.1.10 The College shall encourage the development, production, and dissemination of IP, and shall endeavour to protect the IP of academic staff members. The College shall not arbitrarily abandon, destroy or neglect activities and projects in which the IP of members is embodied.

29.1.11 Any IP created by an academic staff member shall be owned by the College when all of the following conditions have been met:

- the member was specifically assigned, outside the scope of the member's normal duties, to create the IP;
- the member received advance, written notice from the College of this assignment;
- the member accepted the assignment in advance and in writing;
- the member agreed in advance and in writing to transfer ownership to the College of any resulting IP.

29.1.12 The College shall not oblige or pressure academic staff members to follow any particular course of action with regard to IP-related matters. Members' decisions on IP-related matters shall not be recorded in their performance reviews, shall not affect their performance review adversely in any way, and shall not be an occasion for discipline.

29.1.13 The University of Regina maintains a Policy on IP. The University shall advise the Dean of Campion College on any review or amendment of the Policy. Nothing in the Policy shall contravene the provisions of the Collective Agreement.

29.2 **Intellectual Property Committee (IPC)**

29.2.1 By agreement with the University of Regina, Campion academic staff members are eligible for appointment to the IPC. For information regarding the composition and duties of the IPC refer to Article 29.2 of the University of Regina Academic Collective Agreement.

## **ARTICLE 30 – INSTRUCTIONAL AND INFORMATION TECHNOLOGY**

- 30.1 In this collective agreement, Instructional and Information Technology is defined as any electronic media used to deliver academic instruction.
- 30.2 The College recognises that the use of Instructional and Information Technology in the performance of the duties of academic staff members can have unforeseeable implications for the fair and equitable distribution of normal workload within a academic unit. The College is committed to ensuring that members receive appropriate recognition through the performance review process for their contributions when Instructional and Information Technology is used in the performance of duties.
- 30.3 When academic staff members receive project funding from an external, public or non-profit agency (for example Campus Saskatchewan) specifically to develop a course designed around the use of Instructional and Information Technology, the College shall have the right to use the resulting course materials for a period of five years. The five year period shall commence on the first day of lectures of the first term in which the newly-developed course is offered. This right shall extend only to internal use for non-commercial purposes. The College must notify the member(s) in writing, before the member begins to develop the course, that it intends to claim this right. If the member is not provided such notification, the College shall not receive the right to use the course materials. During the five-year period the College shall consult with the member(s) who developed the course concerning scheduling and further development that might be required.
- 30.3.1 If a course is scheduled to be delivered during the period that the College has the right to use the course materials, the appointment for teaching the course shall normally go to the academic staff member who developed it (or if the course was developed by more than one member, to one of the members who developed it). Should the course developer(s) be unavailable or decline to teach the course, the appointment shall go to another member.
- 30.3.2 Normally the academic staff member who first developed a course shall be the one to determine whether it requires any further development and to undertake that work.

- 30.4 The particular expertise, effort, or amount of time necessary for individual academic staff members to prepare Instructional and Information Technology courses varies from one setting to the next and among individuals. It is recognised that preparing and delivering courses using Instructional and Information Technology frequently requires skills and efforts beyond those required for “traditional” courses. Therefore, with the approval of the Dean, courses that employ Instructional and Information Technology shall be deemed to carry a teaching load equal to 1.5 times the credit hours assigned to the course. Any members teaching such courses on a sessional or overload basis shall be compensated accordingly.
- 30.5 Matters of intellectual property are governed by Article 29 of this agreement.

2. **Career-growth Increments**

Career-growth increments shall be awarded to eligible academic staff members on July 1, 2008, July 1, 2009, and July 1, 2010.

If a new collective agreement has not been signed by June 30, 2011, the Career-growth Increments stipulated above for the 2010-11 academic year shall be awarded to eligible academic staff members each July 1 until a new contract is signed.

3. **Normal and Merit Ceilings**

The salaries of academic staff members in the faculty, librarian, laboratory instructor, and instructor categories shall not exceed the relevant normal ceilings specified in the salary-range tables above except by the awarding of merit increments or by initial appointment above the normal ceiling and below the merit ceiling. (Members appointed above the normal ceiling shall not be eligible for any career-growth increments.)

The salaries of academic staff members in the faculty, librarian, laboratory instructor, and instructor categories shall not exceed the relevant merit ceilings specified in the salary-range tables above.
